

Amy was not your average woman, everything on her was a little more hypersexual, her tits were fatter than beach balls, her nipples were long and loved attention, her ass cheeks were thick, juicy, and bigger than yoga balls, her pussy was plump, sensitive, and begged to be played with all the time. And play with it all the time, Amy did. If there was one thing Amy loved, it was masturbating. She would play with herself all the time, cumming multiple times in a row only to take a break for an hour and then do it all over again.

The only problem Amy had with masturbating so much was that she was a very messy girl when it came to masturbating. Her juices would flood the floor or soak the bed when she played with herself. As such Amy's normal routine would be to have fun in the bathtub so she wouldn't make too much of a mess in the rest of her house.

Amy was also a bit of a size queen; she loved to have her pussy stretched by huge dildos. Nothing made her cum harder than being stuffed full of fake cock while she played with herself. She would often take dildos so large they would bulge her belly out a little. Still, every time she got a bigger toy it only seemed to stoke the fires of her lust and she would quickly find herself online looking for a bigger toy.

She had recently dropped some serious cash on ordering the mother of all monster vibrators. It was a bright blue cock as long as her leg and easily twice as thick. She knew she was going to have to work her way up to it, but still knowing it was supposed to arrive today had her excited.

She normally walked around her house naked as almost anything could set her off and she would need to go the bathroom to start masturbating. Her sex drive was always through the roof. So, having to wear clothes like this was always a nuisance, especially given her proportions finding clothes that fit was a nightmare.

Still, she had to be dressed today as she was expecting her package. Amy had the tracking app open on her phone and was constantly updating it to see where her toy was. She wasn't exactly the most patient person and all this waiting was killing her.

Just as she was about to check her app again there was a knock at the door. Amy bolted to the door her tits and ass bouncing and jiggling the whole way. She pulled the door open excitedly and was greeted by the UPS guy. He was taken aback upon seeing Amy and found himself at a loss for words.

Amy's top and pants were so tight they left little to the imagination and given the size of her nipples there was no hiding them either. Amy took the signing pad from the man and instantly signed it "thanks!" she said as she pulled the large box inside and closed the door, leaving the stunned UPS man to put himself back together on the other side of the door.

Amy rushed to the bathroom she hadn't pleased herself at all today she had been holding off for her new toy to arrive. Now that it was here, she was too horny for words. She could feel the moisture running down her legs as her slit grew wet and soaked her pants. Now that it was no longer needed, Amy quickly stripped off and got to work, opening the massive box before her. It took some gumption, but eventually, Amy revealed her prize - the massive blue vibrator - was a

thing of beauty. She plunked it into the bathtub and stepped in straddling the tip of the monstrous blue cock.

Taking her time, she began to ease herself down onto the massive toy her pussy started to gush and quickly there was a pool of juices below her. "Unnghh fuck it's just the tip and it's already stretching me so much! Ohhhh god this feels amazing," Amy said groaning as she inched more of the dildo into her wet snatch. She had opted to leave the vibration off for now just to have a test run and see how much of her new dildo she could take first. With roughly a foot of it inside of her, Amy rubbed the bulge it had made in her stomach "ohhhh yeah, that's it stretch mamma out, unnnghh this feels so good."

Amy started to pump up and down onto the toy as she did, she accidentally turned on the vibration all the way up on max setting. As the gigantic dildo started to rattle like a paint shaker, Amy cried out in pleasure as she was forced into a powerful orgasm. As she came, she scrambled to try and turn the vibration off. It was so intense that even after cumming she was quickly on her way to a second orgasm. Though in her attempt to turn off the toy, Amy slipped on her pussy juices, falling on to the massive dildo, the entire toy was stuffed all the way inside of Amy.

She shrieked with pleasure as her pussy and belly were stretched impossibly by the still quaking toy inside of her. "OHHHH FUCK! FUCK! FUCK! I CAN'T, I CAN'T STOP CUMMING! AHHHHHHH IT'S TOO MUCH! OHHHH FUCK I'M CUMMING AGAIN! AND AGAIN! OHHHHH THEY WON'T STOP!" Amy shouted as orgasm after orgasm ravaged her brain. The dildo had a flared base and when Amy reached down to try and pull the dildo out by said base, she was shocked to find that the entire dildo was inside of her. Including the controls to turn it off. Looking down at her dildo bulged belly she could see that her belly was looking less, and less cock bulged by the second.

"My belly?" Amy said as her belly rounded out more and more "what's happening? I'm blowing up. OHHHH FUCK THE ORGASMS KEEP COMING! HARDER AND HARDER! AHHHHHHH I'M GOING TO GO CRAZY IF THIS KEEPS UP!" Amy said as her belly continued to balloon bigger and rounder. It soon looked like Amy had swallowed a beanbag chair. "Why does my belly keep getting bigger?" Amy said, confused, reaching back down, she found her answer.

Where there should have been a mess of her own juices and cum there was nothing. "Ohh god the dildo, it's got me completely plugged up, none of my naughty juices can get out," Amy said as it dawned on her. She watched her belly lurch out over and over, rapidly inflating bigger and bigger and bigger "ohhhh every time I cum I swell bigger! I'm blowing myself up like some orgasmic balloon!"

Amy's hands went to her belly and she gasped "AHHHHHH IT'S SO SENSITIVE! HOLY SHIT, IT FEELS SO GOOD!" She shouted as she started rubbing her expanding belly all over "AHHHHHHH IT'S MAKING ME CUM EVEN FASTER! BUT I CAN'T STOP RUBBING MY BELLY. IT FEELS TOO GOOD!" Amy ranted as her hands continued to stroke and rub her swelling tummy. Bigger and bigger and bigger and bigger Amy's belly expanded filling the

bathtub in moments before spilling out over the sides of the tub and into the rest of the bathroom.

Amy panted and moaned lustfully as with every passing second, she came harder and harder and harder than before. She was so lost in pleasure now she couldn't think straight. She bucked her hips thrusting against her belly as it continued to expand and grow, filling up more and more of the bathroom. Amy groaned as the cool porcelain of the toilet pressed against her stomach. "Ohhhh I'm getting so big! I can't keep going like this, can I? I mean, I have to have a limit, right?" As she said this her belly only continued to inflate faster and faster and faster from her constant stream of orgasm juice.

Her belly crept up the walls of her bathroom and covered in her vanity. With her back pinned to the wall, Amy could only gasp and moan as her belly filled every last inch of her bathroom. "Ohhhh it's too big! I'm filling up so much. Everything is getting so tight! But it's just making me cum harder and harder and HARDER! FUCK I'M SO FUCKING HORNY! KEEP MAKING ME CUM!" Amy bellowed as the massive vibrator inside of her kept vibrating unendingly.

With fresh batteries in it, the dildo would last for hours. How big would Amy be by then? If she made it to that size everything was growing tighter and tighter around her now as the walls of the bathroom pushed back against Amy's expanding belly.

Even as her vision was blocked by her swelling stomach, Amy could only think about how much she wanted to keep cumming. She didn't want this to stop now. "PLEASE DON'T POP! I WANT MORE! I WANT BIGGER! I LOVE CUMMING AND CUMMING AND CUMMING! I DON'T WANT IT TO END! I JUST WANT TO KEEP CUMMING MY BRAINS OUT!" Amy said just before getting completely covered in by her cum filling belly.

With so much pressure being exerted onto her belly it only made Amy cum more and more and more and more! Finally, as it seemed like she was going to be squished by her swelling stomach, there was a crash. The cabinets of the bathroom gave way, the toilet broke off and the walls started to cave in.

As the walls gave way, Amy's belly spilled out into the rest of her house. She gasped, sucking in lungfuls of air before letting out a loud moan. She was cumming so hard now her whole body was shaking and still she didn't want it to end "bigger! Bigger! Bigger! BIGGER! I WANT MY BELLY TO GET MASSIVE! IT'S MAKING ME CUM SO FUCKING HARD! MOOOOOOORE!" The pleasure-driven woman roared.

It was like she was possessed by a demon now she was driven so wild by the unrelenting amount of orgasm she had been driven crazy with lust. Her tongue hung out of her mouth and her eyes were crossed. Still, she continued to swell and swell and swell and swell filling up her small house with her massive growing belly.

Couches, armchairs, living room end table, and her coffee table were pushed across the room as her expanding stomach consumed more and more space in her home. "Ohhhh I'm growing so massive! My belly is so sensitive I just keep cumming harder every time I touch it! This is the

best thing to ever happen to me. I never knew I could cum so much! I LOVE CONSTANTLY CUMMING AND CUMMING AND CUMMING! I DON'T EVER WANT TO STOP CUMMING! I DON'T CARE IF I COMPLETELY LOSE MY MIND! I NEVER WANT TO STOP CUMMING AGAIN!" Amy said as her belly started to rub against the ceiling of her house.

"Ohhh fuck I'm filling my entire house now! I'm getting so fucking big! Oooooohhh fuck! THAT'S MAKING ME EVEN HORNIER! YES! I'M CUMMING EVEN HARDER! I JUST KEEP CUMMING HARDER AND HARDER AND HARDER FUCK YES! DON'T EVER LET ME STOP!" Amy screamed as her belly filled her entire house.

More and more of her pale skin pushed out against the exterior walls until with a massive boom the roof popped off her house and the walls gave way. Now free of its confines Amy's belly continued to expand and grow. It made short work of Amy's one-story house. Her belly continued to push higher and higher into the air. It wasn't long before her belly had doubled in size.

Then, to Amy's shock, the vibration stopped, she was still plugged up, but the vibrator had burnt out: "Ohh, oh my god! I...I... I" and with the vibrator no longer working, Amy was finally able to stop cumming. Post orgasm, clarity descended upon her "I'm so tired," was all Amy could say before she passed out.

Hours passed before the inflated woman finally came too. When she woke, she looked at her massive belly and the memories of her sexual adventure came flooding back. "I think I need to order a longer-lasting dildo," Amy said smiling as she patted her cum-filled blimp of a belly.

The End.
