

## Tomboy Transformation

Tommy and Sadie had been best friends since childhood, they grew up next door to each other and were inseparable. As they grew up their interests changed, Tommy was a bit of a dork who played D&D and Sadie got into sports, becoming a decent field hockey player, despite this they remained best friends.

They had both graduated last year and went to separate colleges, Sadie had an athletic scholarship to one of the best universities in the state while Tommy stayed at home to go to trade school at a local community college. The friends still hung out almost every weekend when Sadie came home to do laundry and sneak food from her parents' house.

Sadie had just come home for a long weekend, and it just so happened that today was Tommy's 19<sup>th</sup> birthday. Most of his few friends had gone to colleges far away and he just returned from a Magic the Gathering tournament at a local card shop when Sadie texted him.

Sadie: Hey, happy birthday! Got anything planned for your 19<sup>th</sup>?

Tommy: No, I went and played some MTG but it wasn't busy and I came home early, kind of a lackluster night...

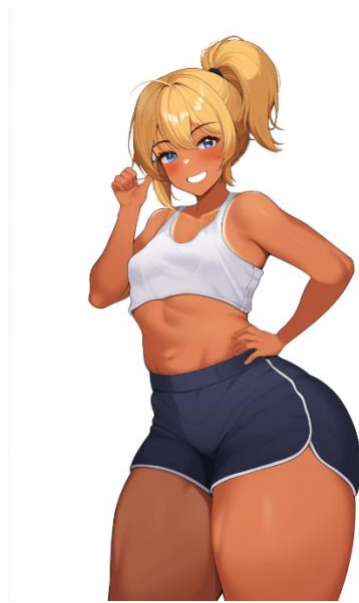

Sadie: I'm almost home if you want, I can sneak a few beers from my dad's stash, and we can share a few tonight

Tommy: That sounds great, my parents aren't home yet so we should be okay, see you soon!

Sadie got home about fifteen minutes later and unloaded her car, she said hello to her parents and told them she was going to Tommy's for a little bit for his birthday. They told

her to tell him happy birthday on their behalf and went back to watching TV, she made sure they were distracted before sneaking to the fridge in the garage which was always stocked with beer.

Sadie loaded her backpack with beer and left from the open garage door, she ran across the wet lawn to Tommy's house and knocked on the door. She heard his footsteps as he came down the stairs and opened the door.

“Hey Tommy, Happy Birthday” she cheered as she opened her backpack to reveal the loot.

“Damn, how many did you grab?”

“Go big or go home you know?” She said with a mischievous grin, “Besides my dad has so much beer he won't notice.”

“Let’s get these up to my room in case anyone comes home,” Tommy said as he led the way upstairs. Sadie plopped down on his bed while he sat on the office chair at his desk, they both cracked open a beer and sipped on them as they caught up.

“So, what have you been doing at school?” Tommy asked.

“Our field hockey team won the past few games, so we have a decent chance at going to the play-off tournament,” she said.

“Oh cool, good for you guys.” He responded.

“Yeah it’s alright, our coach has been pushing us in practice more and he even mentioned that we may do two more practices a week.”

“Damn, that’s a lot!”

“Yeah, I have no idea when I will get my homework done.” She said with a sigh. “Enough about me though, do anything fun for your birthday?”

“No,” he said, “I just went to the card shop and played some Magic but that was about it.”

“Isn’t that a game for virgins” Sadie joked.

“Well if the shoe fits.” He said as he took a swig from his beer, embarrassed he had just admitted to never having been with a girl.

“Don’t tell me you’ve never had sex before,” Sadie said in disbelief.

“Yeah, I don’t know, I just never really clicked with anyone worth doing it with.”

“How have we been friends for this long and I’m only just now finding out.” She said.

“Geez keep rubbing it in. Sorry, sorry I’m not a hoe like you,” Tommy said with a laugh, trying to change the subject.

“Hey, I’ve only been with three people, and they were all boyfriends.” She said defensively.

“No no,” he said trying to backpedal “I was just joking, I really don’t care”

“If you’re sorry you’ll finish that beer,” Sadie said, gesturing at his still half-full can.

He wordlessly downed it and slammed the empty can down, burping before saying “There, we even now?”

“Even enough.” She said as she also finished her beer, grabbing two more from her bag and tossing one to Tommy. The friends continued drinking and ribbing one another, beer after beer was drunk and they were both starting to feel it. Tommy turned on his TV and they sat on the bed together, flipping through channels but not really watching what was on as they talked the night away.

Sadie cracked open her fifth beer and took a sip before she asked, “So you’ve really never been with a girl?”

“Like I said, I haven’t had that kind of connection with anyone before. Besides, besides most girls don’t find me very attractive.”

“I do,” Sadie said while maintaining eye contact with him.

“You’re just saying that because you’re drunk,” he said as he blushed.

“No really, besides I think we have a really good connection.”

“What are you saying, Sadie?”

“I’m saying, that if you want me to... I’ll take your virginity.”

Tommy’s mouth hung open with disbelief, he had never thought of her that way but now that he considered it, she was right. Tommy and Sadie had something special and if he was going to do it with anyone it might as well be her.

“Are you sure Sadie? We’ve been friends for so long I don’t want to ruin our relationship.”

“Just shut up and kiss me.” She said as she set her drink down and practically dove at him. Tommy struggled to keep his beer from spilling as she took his face in her hands and kissed him passionately, tasting the beer on her breath. He set his beer down and returned the kiss, he felt her tongue slip into his mouth as he pulled her closer by her waist. She straddled him as he lay on the bed, sitting on the growing bulge in his pants and grinding her hips on it. Sadie hummed in his mouth from the pleasure, her sex growing hot with desire.

The two continued making out for what felt like forever, Tommy lost track of time a long time ago and was lost in the moment. After a while, Sadie sat up straight but stayed straddling him.

“Well, aren’t you going to help me take my shirt off?” She said with a flirty grin. Tommy’s face went red, but he obliged her, slowly sliding her shirt over her head. Once it

was off she reached behind herself, unclipping her bra that held back her modest breasts. Sadie slid the plain white bra off and he stared in awe at her perky boobs, her small nipples stiff from the exposure to cold air. She took his hands in hers and guided him to her chest, he followed her lead and began to gently grope her, caressing her breasts and teasing her nipples.

Sadie interrupted him and began to slide his shirt off, he stopped to help her and she tossed his shirt to the side and leaned down to kiss him again. Tommy felt her bare tits squish between them, the soft mounds squeezing flat as he held her closer. The feeling of her bare skin against his was foreign and drove him mad, he had never felt so close to someone in all his life.

Without saying anything, Sadie got off of him and reached down to his waistband, hooking it with her finger. Tommy understood the wordless gesture and began taking his shorts off while Sadie stripped out of her leggings, they sat for a moment and drank each other in. Sadie was the definition of fit, her legs were long and muscular with a small amount of fat on them which gave them a plump appearance, and her stomach was trim and waist narrow. Tommy on the other hand was about the same height, he was very skinny almost to be considered scrawny. He had fluffy brown hair that he had to constantly brush away from his eyes or risk it blocking his vision, Sadie's eyes drifted down his body and she saw the bulge in his underwear, his dick trying desperately to escape its confines.

Tommy reached for her, and she reached for him, they began making out more earnestly this time, her hand reaching down to his bulging crotch. Tommy exhaled into her mouth as she caressed his member through the fabric. Sadie's fingers gently pried his waistband away from him and her hand slid into his underwear, she felt the tickle of his pubic hair and then found the shaft of his cock. She pulled his dick out and began gently stroking it, running her hand up and down his length. Tommy kissed her more aggressively now; she could feel his need for her through his mouth. Sadie let go of him and straddled him yet again, she pulled her damp underwear to the side and guided his member to the entrance of her wet pussy. Tommy looked into her eyes, she could see the desperation in them. Sadie realized she too was feeling the tension, her breasts heaved with each breath. She was no stranger to sex, but this felt different with Tommy, she had never wanted someone as badly as she wanted her childhood best friend.

“You ready?” She asked.

“I- I think so,” Tommy said. Sadie didn’t say anything else as she eased herself down, his stiff rod spread her pussy and stretched her walls. She let out a moan as he bottomed out in her, her mound pressing against the base of his cock. Tommy couldn’t believe what was happening, his head was still buzzing from the beer but somehow in the past twenty minutes, they went from being fully dressed and casually talking to his oldest friend taking his virginity. She continued to bounce on him as he helped by guiding her with his hands on her waist, thrusting into her from beneath. Sadie could feel every inch and every vein on his cock, her clit rubbed against his pelvis, and she could feel herself getting close to finishing. No man had ever made her orgasm before but somehow Tommy was getting her there within minutes.

Without warning Tommy rolled her over onto her back, he stayed between her legs and fit his dick back into her waiting pussy. He started fucking her again in missionary, he was being a little rougher now and he pounded her hard. The harsher treatment was enough to put her over the edge, she came hard, twitching beneath Tommy’s body. He smiled to himself with clear satisfaction over what just happened and kissed her on the forehead, going somewhat gently now as he too started to get closer. Sadie locked her lips with his and held his face again, his skin slick with sweat.

Tommy began to breathe more heavily into her mouth, his moans reaching a crescendo as he pulled out of her, jerking his dick off above her. Sadie had never done this before but for some reason, she felt a desire to get beneath him, so she positioned herself so that her face was beneath his cock, and she stuck her tongue out.

“Please cum on my face.” She begged, “You’re so hot I want you to cum on me.”

Tommy looked at his childhood friend who was begging him to cum on her face and it was too much for him, he was pushed over the edge as the words left her mouth and he finally finished.

Sadie smiled as the first rope of cum hit her on the forehead, the second one had less force to it and barely made it to her cheek, but the last one was perfect and the majority of it landed on her waiting tongue. She had swallowed cum before when she gave her ex blowjobs, but Tommy's was the only one that tasted good. His jizz tasted so good that she found herself wiping the mess from her cheek into her mouth.

"I can get you a towel if you need it," Tommy said between heavy breaths, his dick twitching in his grasp as he milked the last bit of cum onto her face.

"That would be great," she said with a giggle, "and why don't you give me another beer too, I'm so thirsty."

Authors note: This is going to be another slow burn; I promise there will be some breast expansion in this story, but I wanted to try making it more sensual and detailed.

## Part 2

Tommy was relieved that their friendship didn't fall apart like he assumed it would, instead, they spent the weekend hanging out and going shopping, occasionally disappearing for a quick sneaky link. Sadie enjoyed giving him a playful blowjob in the changing room at the mall, or a teasing handjob while he drove without letting him finish. Tommy was awkward at first, but eventually gained confidence and became somewhat dominant, which Sadie enjoyed.

They were both bummed that she had to go back to school on Sunday and were saying their goodbyes in her driveway as she loaded her car. "Can't you like call in sick?" Tommy asked.

"To my coach? It doesn't work like that; besides I need to maintain my scholarship or I won't be able to afford school."

"No, I know... I just don't want you to go." He said sheepishly.

"Awww you're gonna miss me? Look at you, you're blushing!"

"Oh fuck off."

"Tell you what, I should be able to get home next weekend, even if it's just for a day."

"You're going to drive all the way home just for one afternoon?"

"Not for nothing," Sadie said as she kissed him, making sure her waist pressed against his dick, feeling him grow hard against her.

Tommy broke the kiss and looked at her house, and then his. Making sure no one saw them. “Careful man, we don’t need our parents finding out.”

“Don’t worry about it” Sadie said as she got in her car and shut the door. She leaned out of the open window and gave him one last peck before putting the car in drive. “See you next Saturday!” she said as she pulled away. Tommy watched her leave before turning to his house and going inside. He needed to finish the homework he put off to hang out with Sadie.

• • • • • • •

Tommy waited impatiently for Saturday; the duo texted almost constantly all week, Sadie kept alluding to some secret that she wanted to show him and was very excited to do so. Tommy woke up on Saturday morning, his parent had planned to go car shopping and had dinner reservations for themselves at four so they would be gone all day. Around ten A.M. Tommy got a text from Sadie:

Sadie: Leaving now, give me an hour if traffic isn’t bad.

Tommy: Sounds good, my parents will be gone until 4...

Sadie: Perfect I will have plenty of time to show you, my surprise.

Tommy: You still won't tell me what it is?

Sadie: Be patient!

Tommy smiled at his phone and put it down, getting ready for a shower. He wasn't sure what she had up her sleeve but the fact that she wanted to be alone for it made him very excited. After his shower he made his bed, Tommy picked up his room and made his bed, he had already washed his sheets so they would be fresh for anything they were going to get up to.

Once he was done, he sat at his computer and played some video games until he heard a car door slam shut. Tommy jumped up and ran to his window, he slid the window open and called down to Sadie.

"Hey! You coming over?"

"Yeah, let me grab my bag and I'll be right over."

"The doors open, lock it behind you when you come in!"

Tommy went back to his computer and started shutting down programs that were running, he just finished up when Sadie came in. She burst through the door and threw her bag onto his bed before he could say anything she threw her arms wide.

"Notice anything different?" she asked impatiently.

Tommy looked her up and down and couldn't pinpoint anything. "What have your extra practices been making a difference...?"

"No dumb ass, do you actually not see it?"

"Sorry no, I don't see anything different."

Sadie huffed and rolled her eyes as she grabbed her shirt by the bottom, in one swift motion she lifted it over her head.

"How about now?"

Tommy stood dumbfounded, looking her up and down.

"No not really.."

“My boobs are bigger! Look!” She said as she grabbed them and bounced them a little. “This is the same bra I was wearing when we... you know, and now it barely fits.”

Now that Tommy knew what to look for he paid more attention to her boobs. it certainly did look like her bra didn't fit properly, there seemed to be more cleavage than before and a little bit of side boob spilling out the side. But not much else was different.

“Are you sure? Maybe the straps are just a little tighter?”

“No that's not it trust me.” Sadie insisted “I can tell they're bigger”

“That's kinda hot,” Tommy said, his eyes never once leaving her chest.

“I know, I've been thinking about it all week... and I've been thinking about what you can do with them,” Sadie said as she unclasped her bra and stepped towards him, letting the garment fall to the ground as they embraced one another.

They began making out furiously, Tommy groping her tits as she pushed him gently backward toward his desk chair. The back of his knees hit the padded seat and he lowered himself onto it, as he did Sadie followed him down and kneeled between his legs. She shimmed his sweatpants down to his ankles and smiled as his dick sprang free, waving in front of her face.

She leaned forward and kissed the tip, one hand wrapped around his shaft and the other found its way to his balls. Sadie gently stroked it as she sucked on the tip of his cock, letting her spit drip down his length and using it as lube while she stroked it. Her free hand cupped his balls and gently tugged them, rubbing them with her fingers as she massaged them. She used to hate giving her ex's blowjobs, but she couldn't help but love the feeling of his warm cock in her mouth.

Tommy leaned his head back as Sadie sent him to heaven. Her hands twisted slightly as she stroked his cock, in the few minutes she had been blowing him her spit had completely coated his shaft, her hand was covered in saliva, and it dripped down to his balls. She made slurping noises on his cock as she came up for air, kissing it as she caught her breath and licked his cock from his balls to the head before plunging it down her throat again.

Tommy felt himself beginning to get close as his childhood best friend gagged herself on his cock, her lips just inches away from the base of his cock. "Oh god Sadie, I think I'm gonna cum." He gasped.

Sadie hummed her approval since her mouth was otherwise occupied, she began stroking him faster, trying to coax his cum out. She felt the tip flare and his balls twitch in her hand, his cock grew stiff as his moans hit a crescendo.

Tommy couldn't handle it anymore, his hips bucked as he started to cum. He moaned when he felt it shoot from his cock as Sadie jerked him off, who once again hummed as his load filled her mouth. She swallowed just as the next load came; this time she swallowed it straight down. Sadie took his dick from her mouth and continued tugging his dick, milking the last few drops onto her waiting tongue.

Tommy sat in the chair, stunned by how incredible of an experience he had just undergone. Sadie sat back on her heels, a satisfied smile on her face.

"Holy shit Sadie, that was so much better than last time," Tommy said "Not that it wasn't good last time, but this was just different."

"Thanks, I did some research this week," Sadie said as she wiped spit from her chin, "I don't know what it is but I like how your cum tastes"

"Research?" he asked, not sure how to respond.

“I watched porn like every night haha,” Sadie said as her face grew red. “I’ve just been so horny lately.”

“Well shit I don’t judge, keep up the good work,” Tommy joked as she got dressed. When Sadie put her bra back on, he couldn’t help but notice that it did look like it was too small, her boobs were squeezing out the sides and bottom.

“Want to get a bite to eat?” He offered “I owe you one.”

“Yeah, I could go for some food,” Sadie said as she sat on his lap and kissed him deeply.

### Part 3

Sadie and Tommy had been texting more regularly now, they had always kept in touch but now they were always chatting or calling one another if they had a moment to spare. They weren't officially dating yet as both had voiced concerns about commitment and the long distance between them.

Sadie's field hockey team made it to the playoffs and the final game of the regional championship was this weekend, so Tommy decided to go and support her. Tommy arrived a couple of hours before the game, telling his parents he was taking Sadie to lunch. She had said she wanted some alone time with him before she had to go to the game, for good luck of course.

Tommy got out of his car and followed Sadie's directions to the dorm, he hadn't been on a campus that was this big before. The scale of a university compared to his small community college was almost overwhelming, pretty much every building was three times the size of the ones at his small community college.

Sadie's dorm was a beautiful, ornate building that stood four stories high. The double doors were recessed in a vaulted entryway with pillars standing on each side, the handles were silver and showed signs of wear in the places that thousands of hands had worn away. Tommy swung the doors open and felt the overworked air conditioning blast him as it escaped the building, he looked around and was immediately overwhelmed by the scale of the building, so he called Sadie.

"Hey, I'm here," he said when she picked up.

"Did you find the building okay?" She asked, he could hear the excitement in her voice.

"Yeah, I'm in the dorm... but where is your room?"

“It’s room 407 on the top floor, take the elevator and go left when you get out.”

“Thanks,” He said, “see you in a sec.”

Tommy hung up the phone and hit the call button on the elevator. The doors slid open, and he stepped into the old elevator, the worn metal box reflected the age of the building. The ride was bumpy, and he feared it would break down between floors more than once before it rattled to a stop. He stepped off the elevator when it reached the fourth floor and started down the hallway.

“402... 403... 404... here it is,” Tommy said to himself as he knocked on the door marked 407.

“Come in!” Sadie yelled, her voice coming from inside.

Tommy swung the door open and stepped in. The room had a short hallway that led to a kitchenette on one side and what he assumed was the bedroom on the other, the door open a few inches.

“I’m in here.” He heard her call from the bedroom. Tommy approached the door and nudged it open, his jaw dropped as it swung open and revealed Sadie.

His best friend was leaning against her bed, she lacked any real clothing and only wore a black lingerie set. The panties hugged her wide hips which squeezed around the strap, the front was lace and had an opening to allow ‘easy access,’ which gave him a wonderful view of her mound. The part that captivated his attention the most was her tits, which were significantly larger than Tommy remembered. The top she wore was a lace bra that was so sheer it did nothing to hide her stiff nipples, which stood proudly on her breasts. Her bust had unmistakably grown since she came home last, she had always been perky but now they seemed to sag under their new weight. Sadie turned side to side, letting her tits sway and jiggle against her chest. If Tommy had to guess she was now a DD.

“You just gonna stand there or are you going to kiss me?” Sadie said as she toyed with her bra strap, causing her new boobs to jiggle ever so slightly.

Tommy closed the gap between them and embraced her, his hand shamelessly groping her soft breast. He pushed her back onto the bed and climbed on top, her legs spreading and wrapping around his waist as she pulled his shirt off. She ran her nails over his back as he rubbed his bulge into her clit, sending waves of pleasure through her body. After they made out for a while, Sadie pulled away from his kiss and looked into his eyes.

“I want to try something new.” She said

“What’s that?” Tommy said as he kissed her gently.

“Well I’ve always wanted to titty fuck someone,” She said sheepishly, “But I was never big enough, but I think I can now.”

Tommy immediately got off of her, “Where do you want me?” He asked.

“Go ahead and sit on the edge of the bed, I’ll get on the floor,” Sadie said.

Tommy wordlessly followed her instructions and sat on the bed, his knees bouncing impatiently as he waited for her to get in position. Sadie got on her knees and tugged on Tommy’s waistband and freeing his stiff cock from his pants. She leaned forward and guided his dick to her enlarged tits, his warm cock enveloped by her soft globes. He let out a moan as she squeezed his member between them and gently rubbed his manhood. She giggled to herself as the tip poked in and out of her cleavage, enjoying the fact she could now act out her long-time fantasy.

She continued rubbing his cock, occasionally spitting on it so it could glide between her tits easier. Tommy’s moans grew louder and louder as she went on, she used her bra to hold his cock between her tits and bounced harder which caused her boobs to slap on his thighs. It wasn’t long before his hips started bucking, she continued to jerk him off with her tits and began encouraging him.

“You like when I bounce my fat tits on your cock?” she asked in a sultry voice, “I know you want to cum for me, blow your load on my titties. Do your best to get it on my face too, I love when you cum all over my face.”

Sadie saw him grab the sheets as he got closer and continued, “Paint my face babe, I want you to ruin my makeup. Please give me your cum, please I want it so ba-“ She was cut off as he jerked and began to cum, Sadie giggled as his first load shot out and hit the bottom of her chin, dripping down to her tits. The next load didn’t reach her face but instead coated her tits. She continued to rub her boobs up and down his shaft, milking the jizz out of his cock and covering her tits in a thin coat of cum.

When she finally let his dick fall from between her tits, he got to his feet and asked “Want me to grab you a towel?”

“Sure babe,” she said as she played with her cum covered boobs, squeezing them together so the cum created a thick puddle in her cleavage until she released it and it dripped between her boobs. As he walked away, she scooped a small amount of his goo from between her breasts and licked her fingers, she savored the flavor of his cum and smacked her lips as she scooped more of it off her chin.

It took him a minute to find where she kept the clean towels but when Tommy came back, he found Sadie licking the last of the cum off her fingers. She made eye contact with him and he could have sworn she was drunk the way her eyes were glazed over and she seemed unsteady. She looked down and smiled at his semi-hard cock with a small drop of cum dangling from the tip.

“Looks like I didn’t get it all” She giggled as she got to her feet, she swayed side to side on unsteady legs as she approached him before falling on her knees at his feet.

“Sadie, are you okay?” He asked with concern, wondering how she got drunk in the few seconds he was gone.

She didn’t say anything as she licked this shaft, getting as much cum off his meat as she could before she sucked the cum drop from his tip. His dick jumped slightly as she touched the most sensitive part and it flopped back down, slapping her face. She giggled as it rested on her face, draped across her mouth and nose, she focused on the tip and crossed her eyes.

Before Tommy could do anything else she wrapped her hand around his shaft and began stroking his soft cock, sucking on the tip as it grew harder and extended down her throat. Sadie could taste the cum on his cock and slurped on his meat, encouraging it to grow harder with her lips and tongue. Tommy wanted to tell her to stop, that it was too sensitive but he saw how happy it made Sadie to suck his dick, and who in their right mind would tell a girl to not suck their dick?

Tommy felt her lips suction around his shaft and one hand play with his balls while the other worked his rock-hard cock, he had never tried cumming twice in a row, but he felt himself getting close again. Sadie smiled as she felt his dick twitch once again, she slowed down and instead of stroking his dick she plunged it down her throat, swallowing him to his base as he came again.

She felt his cum coat the back of her throat, load after load went down her throat and she swallowed every drop, refusing to let him pull out until she was satisfied. Sadie eventually slid his cock from her throat and sucked it clean on the way out, not willing to lose so much as a drop. Tommy stepped back and saw a strand of saliva stretch from him to his best friend's mouth, she used her hands to collect it and lick it clean.

Sadie stood up and almost lost her balance, but Tommy caught her. "I just love how good your cum tastes, I've been wanting to suck your dick all week," She said as she held his dick in her hand.

"Why don't we get you in bed, what did you drink?" He asked, still wondering how she got drunk so fast.

"I didn't drink anything... Besides your cum." She said with a giggle.

Tommy got her in bed and sat next to her, holding her in his arms as she nodded in and out of sleep while trying to keep her from sucking his tired cock even more. "Why don't you rest up before your game?" he said when she pouted.

"Fine" she slurred as she pulled a blanket up over herself, falling into a cum drunk sleep as she dreamt about swallowing more of Tommy's tasty cum.

## Part 4

The rest of the trip was fairly uneventful up until the game. For the first few minutes Sadie was kicking ass, she even managed to score a goal, but after a couple of minutes, she started to slow down. Tommy watched from the stands as she appeared winded and sluggish, letting opponents slip past her when she would normally be able to stop them. The coach swapped her out soon after and benched her for the rest of the game, Tommy could see her massaging her chest and adjusting her jersey.

After the game, Sadie met Tommy outside the stadium. "Are you doing okay?" Tommy asked, "I'm sorry you got benched."

"It's okay, I asked him to pull me, I didn't feel like I was at the top of my game."

"What was wrong?"

"I just couldn't catch my breath and my uniform is too small, I haven't gotten a new one since I grew into this DD bra so I need a new one."

"Oh damn..." Tommy said as he trailed off, he didn't know a lot about bra sizes, but he knew DD was much larger than she used to be.

"Are you going to get going?" Sadie asked, trying to hide how badly she wanted him to stay.

"Yeah, I have a shift tomorrow morning and I need to get on the road before it's too late."

"Aww okay, well drive safe!" Sadie said as she wrapped her arms around his neck, making sure her boobs squished against him and giggling when she felt him grow hard. She kissed him and then broke contact.

“I’ll see you soon okay?” Tommy said, “What do you say we hang out again next weekend?”

“Yeah, the seasons over so I should have more free time!” She said excitedly.

They finished saying their goodbyes and Tommy got in his car, starting the long drive home.

Meanwhile, Sadie went back to her dorm so she could shower and sleep. She was tired after the game and excited to get back and shower before going to bed. She adjusted her sports bra before unlocking the door to her room, her bra was so tight now that it was pinching her boobs. Sade dropped her athletic bag on her bed and went to the bathroom, she pulled her jersey over her head and stood in front of her bathroom mirror. She took her sports bra off and was baffled by what she saw. In the past few hours since she and Tommy had screwed around, her tits had ballooned once more. She had grown from a B cup to a DD cup in the past month or so, but in just four hours she had jumped to what she could only assume was a G cup. Her boobs had red marks from where the straps dug into her skin, they hung down her chest, sagging slightly under their new weight but they remained somewhat perky.

She gingerly touched them, wondering how they got so big in just a few hours, they were incredibly soft in her hand and sent tingles down her spine when she squeezed them. She felt herself growing aroused as she touched them, she pinched her nipples and moaned with delight. Sadie bounced on her heels, watching her massive melons bouncing against her chest. She felt her pussy growing wet as she played with her new assets, the pleasure was so intense that she could feel herself teetering on the edge of an orgasm. She gave her nipples one more hard tweak and was sent over the edge, her body shook as the most intense orgasm she had ever experienced, better than when she used a vibrator on her clit. Her legs almost gave out and she caught herself on the counter, her sensitive nipples resting on the cool counter.

*How did you girls get so big?* She thought to herself, for some reason she had started growing when she and Tommy started messing around. Her once muscular frame had begun to soften, her toned body was covered in a small layer of fat that obscured any definition. She got in the shower and cooed as the warm water washed over her breasts. Even though Sadie had just came she was still horny, she thought about Tommy and how good it felt when they had sex. She loved the feeling of his dick between her breasts or in her mouth, in fact, she loved when he came on her face and she licked it clean.

Sadie couldn't deny that she craved his cum, ever since she first tasted it she wanted more. She didn't even care if she came when they had sex as long as she got to swallow his tasty cum. Her eyes snapped open, that's what it was! Every time she gave him a blowjob or swallowed his cum, her tits would grow. That was the only thing that made sense but how could his cum magically make her grow?

Sadie squirted some body wash onto her hand, the thick, creamy liquid reminded her of Tommy and she had to fight the urge to lick it, she knew it wasn't his jizz and it wouldn't taste the same.

*I wish I could see Tommy,* She thought to herself as she washed up.

When she stepped out of the shower, she was just as horny as she was when she played with herself earlier. She dried herself off and flopped onto her bed, enjoying the feeling of

her heavy globes bouncing on her chest. She fished through her bedside table and found her vibrator, she turned it on and placed it against her clit, and began teasing herself. Sadie was so horny she couldn't take it anymore; she was so wet a small puddle began to form beneath her spread legs. She used her free hand to grab her massive tit, squeezing the pillowy flesh and feeling its warmth.

After less than two minutes she had her second orgasm of the night, despite that fact, she was still horny. She turned the vibrator to a stronger setting and stuffed the end of it in her wet mound, freeing up both hands. With two hands available she began to grope her fat tits, her moans building to screams as she pulled on her nipples and twisted them. Even though she treated them harshly she felt no pain, the only sensation that came from her enlarged breasts was pleasure.

She lost track of time as she played with herself, dreaming of Tommy's cock and how much cum she could milk from his balls as she came two more times, her arousal never decreasing despite multiple orgasms. The last orgasm was so strong that she began to black out, the edges of her vision darkened as she lost consciousness from the overwhelming pleasure.

. . . . .

Tommy spent the next few days working and playing video games, he missed Sadie terribly and was wondering how she was doing. The few texts he received from her were rather short and he was worried that he had made her mad somehow.

It had been three days since he saw her last and he had just gotten off work. He showered and was sitting down to play video games when his phone began to ring, he picked it up and saw Sadie was calling him. Tommy got very excited, he missed his friend's voice and answered immediately. As he held the phone to his ear he could hear an engine revving very intensely.

“Hello?” he asked, “Sadie are you there?”

“I’m on my way over right now.” She said abruptly.

“What? It’s almost midnight! It’ll take you an hour to get here.”

“I left a while ago, I’m only twenty minutes out.”

“Is something wrong? Why are you coming home?”

“Don’t worry about it, just be outside in 20 minutes and I’ll pick you up.”

“Sadie, what is going on? You’re making me nervous.” He said

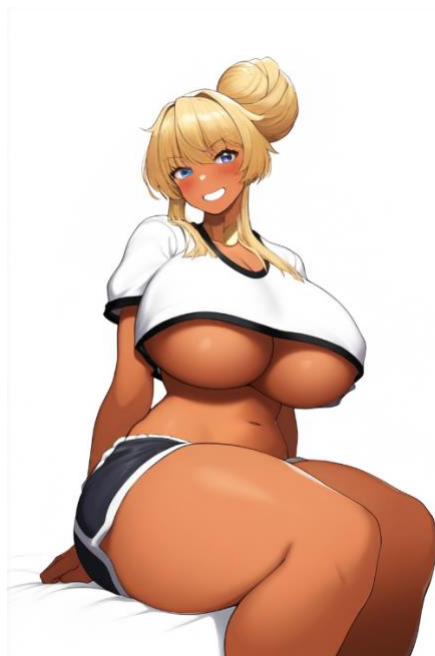

“I just want to prove a theory, I need you so bad right now.” She responded before hanging up.

Tommy set his phone down and leaned back in his chair, what could be happening that she needed to come home at such an odd time? He thought about what she said, needing to prove a point and that she needed me. Whatever it was, he got his shoes on and snuck out the back door before going to the front of the house and sitting on the curb.

He only had to wait a few minutes before he heard tires squealing as a car rounded the corner, headlights bouncing as the car bounced on the rocky road. He stood up as it got closer and he recognized it as Sadie’s car, she stopped in front of him and he heard the door unlock as he reached for the handle.

He jumped into the passenger seat and said “Sadie, what’s so urgent that you had to come home so la-“ he trailed off as he finally saw her.

Sadie sat in the driver's seat with a big grin on her face but he didn't see it, instead his eyes were drawn to her chest. She wore a skimpy crop top; her boobs were barely covered by it and it showed an impressive amount of underboob. The neckline plunged so far down that it was barely held together by more than a couple of threads, it revealed so much cleavage that he was worried he would fall right into it.

“Like what you see?” Sadie asked as she leaned toward him, his mouth hanging open as he saw her left tit sliding out of her shirt and revealing her large nipple. She giggled as she adjusted her shirt and covered herself up.

“H- h- how” he managed to stutter out, his mind still scrambled.

“I don't know for certain, but I have some theories.” She said as she reached her hand out to the stiff bulge in his pants. “Why don't we find somewhere private”

She drove off with her hand still on his bulge, rubbing it as she drove. They only went a few miles until they came to the town park, which had a playground, picnic area, and lots of trees. Most importantly it was far from any houses and completely empty at this time of night.

Sadie kissed Tommy as she gave his cock one last squeeze before bouncing out of the car, he followed her lead and saw her heading for the picnic tables under a wooden gazebo. She turned toward him as she reached her destination and plopped onto the table, her tits bounced in her crop top and Tommy saw both her nipples slip out of the bottom as it flared up.

“So, what's your theory?” he asked as he put his hands on her waist and pulled her into a kiss, they made out for a few seconds before she pulled away.

“I’m pretty sure every time I swallow your cum they grow bigger.”

“huh???” Tommy responded.

“I know it sounds weird but I was always flat but just a few days after we started hooking up I outgrew my bra.” She said excitedly. “And last time you were over I swallowed two loads and I grew to G cups in a few hours!”

“So you think my cum is making you grow?”

“Not only that but I’m addicted to it, all I can think about is how good your cum tastes. I skipped classes for the past few days and have been masturbating nonstop.” Sadie said as she

“Jesus Christ Sadie, you skipped class to finger yourself?” Tommy said.

“No, I can’t cum from my pussy anymore. My tits are so sensitive that I can only finish if I play with them.”

“Damn so if I do this,” He said as he grabbed her massive tits and began kneading them in his hands. She let out a loud moan and slapped a hand over her mouth to keep quiet, she looked at him with pleading eyes as he pulled her crop top up and over her tits to expose them. He finally saw them in all their glory, they were still perky but sat heavily on her chest. The two massive globes of fat swayed slightly as she moved. Sadie’s nipples had grown too and her areolas were almost as wide as his palm, topped with her nipples roughly the size of the end of his thumb. He pinched one of her nipples and rolled it between his fingers, she let out another moan as the pleasure made her legs give out and she dropped to her knees in front of him.

Sadie looked up and made eye contact with Tommy. Her hands crept up her legs until her fingers reached his waistband,

“Want me to test my theory?” She asked him.

“I wouldn’t say no.” That is all he said before she tugged his pants down.

“God your cock is so hot,” Sadie said as she bit her lip. She took his dick in her hand and began stroking it, loving the way his soft skin moved under her hand and the feel of his firmness beneath it. She kissed the tip of his cock and giggled as it jumped from the contact with her lips, she sat up on her knees so she was above it and spit onto it, giving it some lubrication as she began to pump his manhood more aggressively.

“I want to taste your thick cum,” She said as she licked his cock from his balls to the tip, “Don’t you want to cum for me?”

Tommy tried to respond but all he could do was stare at his best friend who was now his personal cum slut and practically begging him to blow his load in her. Sadie broke eye contact and looked at his swollen cock that was bobbing in her face, she brought it to her lips and kissed it, letting it spread her lips open as she pushed her head down it. She savored the feeling of his soft cock on her tongue, the tip leaked precum and the sweet taste filled her mouth. Her taste buds begged for more cum and she felt her salivary glands kick into action, her mouth began to flood with spit so she used it to her advantage, coating his cock in her drool. Her tongue rubbed the bottom of his thick shaft as her lips created a vacuum-tight seal on his manhood, her mouth forming to the shape of his cock as she expertly avoided making contact with her teeth.

Sadie smiled as she felt his cock twitch in the all too familiar way, knowing this meant he was close. “What you’re gonna come that fast?” she asked coyly.

“Do my big titties make you want to cum? Or am I just so good at pleasing you with my mouth that you can’t contain yourself?”

Tommy grunted but couldn’t get a word out, he couldn’t believe how hot Sadie was now, a month ago he would have never guessed his oldest friend would be saying such lewd things while sucking his dick.

“Come on Tommy, blow your load for me,” She said as she stroked his cock over her waiting face, “give it to me, I want it in my mouth, I want you to make my titties even bigger. Think about how hot it will be when they are so big I can barely move.”

That last line was all it took to push him over the edge, his moans hit an all-time high as his legs wavered beneath him. Sade smiled as the first rope of cum shot out and hit her on the cheek, dripping down her face. She continued stroking him while caressing his balls to get every drop. The next load landed right on her tongue and her eyes shot wide as the taste

overwhelmed her senses, Sadie once again put his dick into her mouth and pumped more of his cum down her throat.

Once satisfied, Sadie sat back and wiped the cum on her face into her mouth, not wasting a single drop. “Thank you so much, Tommy, I’ve missed that taste these past few days.”

“No thank you, I swear every time you do that you’re even better.”

“You’re so sweet Tomm-“ Sadie stopped talking and grabbed her tits, compressing them to her torso. “I think I feel it.” She said.

“Feel what?” Tommy asked before realizing what she was getting at, “Wait, are they growing?”

“Yeah, each time it happened faster so it must be at the point where it’s pretty much instant.”

Tommy stepped forward and cupped her soft breasts in his hands. He couldn’t believe how soft they were but he couldn’t deny it, they were getting heavier in his hands. The two friends watched eagerly as Sadie’s breasts began to swell, it was barely noticeable at first unless you were holding them, but it eventually sped up. Her shirt rode up higher on her chest as her tits grew from an impressive G cup, they sagged down her chest as they filled with fat, she was grateful not to be wearing a bra because she couldn’t even guess their size now. She moaned as she felt her skin begin to stretch tight, her eyes closed with pleasure while they grew even faster. Despite their size and weight, they remained somewhat perky which was an impressive sight given their size. Her giant globes were roughly the size of soccer balls now, dominating her torso and covering the upper half of her stomach.

After a few minutes, the growth began to slow. Tommy couldn’t see it, but Sadie was well aware of the decrease in the growing sensation. She was disappointed that it was stopping

so soon even though her breasts had reached such an absurd size that it would interfere with daily life and simple tasks. The growth stopped completely and Sadie looked at Tommy, he had never put his dick back in his pants and Sadie could see he was still rock hard from watching her growth.

“Holy shit you were right... my cum is magical,” Tommy said with disbelief.

“Yessir,” She said with a wink, “So are you gonna give me more?”

Tommy looked at her, seeing the desire in her eyes and the fact that she still was not satisfied even moments after he came for her.

“Sadie, I want to ask you something,” Tommy said timidly.

“What’s that? You want me to blow you again?” She asked as she gently touched his still-sensitive dick.

“No...” He said trailing off, “To be honest I think I’ve always liked you, and I was wondering...” He trailed off again, “If you would want to be my girlfriends?”

Sadie snapped out of her lust for a second, stunned by the question. “You want to date me?” She asked. They had been very close ever since they were kids, and she never thought of him like that.

Tommy waited nervously for her response, he worried that she wouldn’t want to keep fooling around with him or worse, stop talking to him altogether.

Sadie giggled as she realized that he would be the perfect boyfriend. No one else knew her as well as he did, she could trust him with anything, and best of all, his cum made her tits explode.

“I would love to be your girlfriend.” She said as she threw her arms around him and kissed him passionately, her gigantic melons squished between them.

## Part 5

Tommy stepped off the elevator and onto Sadie's dorm room floor. He walked down the hall and counted the rooms until he reached the one labeled 407 and reached for the doorknob. Before he could open the door, it flung open and was greeted by Sadie grinning ear to ear.

Tommy did his best not to gawk, but she was very used to him devouring her body with her eyes. Sadie wore an oversized shirt that draped over her massive bust, she had grown to the point that her torso was completely hidden by her breasts. Her shirt was so big that it looked awkward, but her strawberry-sized nipples poked through the thin fabric and he could just barely see how pink they were. Sadie reached out to embrace him and brought him in close, her massive knockers practically engulfing him as they spread around him and squeezed him on both sides. He was glad she couldn't feel his growing boner just yet.

"How are you doing sweetie?" Sadie asked as she let go of him, her warm breasts sliding off of him.

"I'm better now." He said as he looked down at her chest. "It doesn't look like you've grown too much."

“Yeah, after that night in the park it seemed to slow down,” She said trying to hide her disappointment, “they still grow but not as much, maybe only a cup or two.”

“That’s ok, you probably wouldn’t be able to walk if they kept growing so fast.”

“That wouldn’t be so bad.” She said with a flirtatious wink, swaying her boobs side to side.

Tommy smiled as he plopped onto the couch and gestured for her to sit next to him “Want to order some food?”

“Fuck yeah!” Sadie said as she sat next to him, both of them watching her once small boobs jiggle for a dramatically long time. They ordered their food before looking through Netflix for something to watch, finally settling on a movie they hadn’t seen yet.

The couple wasn’t more than a couple of minutes into the movie when Sadie reached over and put her hand on Tommy’s dick, giving it a gentle squeeze. Tommy looked at her and made eye contact as she stroked the bulge in his pants.

“What’s wrong?” Sadie said coyly as he grew stiff against her hand.

Tommy didn’t say anything, instead, he tugged at her shirt and pulled it above her tits. Every time he saw her breasts he was blown away. His once boyish friend who was fit and had barely any body fat had grown to absurd proportions, Sadie’s boobs were so large now that they practically rested on her thighs when she sat, her muscles had lost most of their definition and were covered with a soft layer of fat. As he leaned into her kiss, he took one of her massive boobs in his hand and squeezed it, it was incredibly soft against his hand and her strawberry-sized nipple pressed into his hands.

## Sadie 9

Sadie kissed him passionately and leaned back so he was on top, her huge tits keeping them apart as they spread out and covered her entire torso in tit flesh.

“Thanks for making me grow so big.” She said with a giggle.

“I’ll make you grow as much as you want,”

“I love being your big titty girlfriend, your dick is so impressive.” Sadie cooed as his bulge pressed against her pussy that had soaked through her panties. “I used to be so fit, but I had to quit field hockey since you made me so big.”

“Good, now you can spend all that time with me,” Tommy said as he jiggled one of her giant breasts, the tremors in her fat made her boob almost smack her chin as it jostled into her other boob.

“Oh, is that so?” she asked, grinding aching sex against him and silently wishing he would just ravage her with his dick. “What do you want me to do with all that time?”

“I want you to suck my dick, fuck me blind and keep my balls empty.”

Sadie seemed to stare off into space as she thought about how hot Tommy had become in the past few months. The once awkward boy she grew up with was still a nerd, but he gained so much confidence once they started hooking up, and she started growing.

Sadie snapped out of her thoughts when she felt Tommy begin motorboating her tits, his head disappearing into her endless valley of cleavage, she said, “I want you to fuck me, Tommy, and I have a surprise for you.”

“What’s that?” He mumbled from between her boobs as she ran her fingers through his hair.

“I’m on birth control...” She said, “So you can cum in me if you want.”

Tommy stopped playing with her boobs and lifted his head from her cleavage. “I can...” He trailed off.

“Yes, I want you to fuck. I know a nerd like you would only dream of fucking a busty goddess raw like me.” She teased.

Tommy hardly said a word as he yanked his pants down to his ankles, his thick cock fell out and slapped on her pussy, and she moaned as it rubbed her clit. Sadie’s eyes went wide as Tommy pulled on her panties so hard that they ripped off of her, the force of him pulling made her boobs roll around on her chest.

Neither of them had ever had sex without a condom before and it was an all-new sensation for both of them. Tommy quivered as her wet lips spread around the tip of his dick, her warm folds seemed to invite him in. Sadie was so wet that he slid it all the way to the base without an ounce of friction. For Sadie, she bit her lip as she felt his cock head press into her pussy, there was no resistance from her mound as he penetrated her. She felt the flared tip of his cock as he slid it in, a moan escaped her as she felt his bare cock split her open. Sadie moaned once more as he bottomed out, her pussy could feel every inch and vein of his manhood.

Tommy began pumping his cock in and out of her, the tip seemed to drag against her inner walls and his pelvis rubbed her clit as he fucked her. The motion of their sex made her tits come alive, the giant globes of flesh bounced wildly and Tommy grabbed them aggressively to use as handholds.

Sadie could feel every thrust as his member smashed her cervix, she loved that her nerdy boyfriend followed the stereotype and was gifted with a large cock. She loved the way her tits slapped against her chin, she loved the sensation they gave her when they bounced, and she loved that she was a perfect slut for Tommy to fuck.

“God you fuck me so good,” She moaned.

“Your pussy is so tight, I don’t know how much longer I am going to last.”

“What you can’t handle this body? Are my boobs just too much for you?”

Tommy didn’t respond as he tried to hold out a little longer, they had only been fucking for a few minutes, and didn’t want to cum too soon.

“What’s wrong? Are you going to cum? Don’t you want to paint my pussy with all of your thick cum?” She teased.

He could only grunt in response as he continued fucking her, she could feel his cock twitching inside her as he began to get closer.

“Please give it to me Daddy,” She said with pleading eyes and a sultry look, “Use that big dick and give me your cum, I want to feel you pump me full with it. Just cum for me, I want it so bad.”

Tommy’s heavy breathing began to sound irregular as he got closer to the edge, his moans got louder and louder as his thrusts began to slow down. Sadie wrapped her legs around his waist and used her strong legs to hold him in place.

He threw his head back as he finally came. Sadie felt the tip of his cock swell before he erupted inside her, she moaned as his cum sprayed inside her pussy and coated her walls. He continued to thrust into her as her needy pussy milked every drop of cum out of his cock, load after load filled her pussy and she could feel it dripping out of her as it escaped past his cock.

Once she was satisfied that she got as much cum out of him as she could, she unwrapped her legs and let him pull out. His cock grew soft as he sat back on the couch and Sadie sat up, feeling all of his thick cum turn in her worn-out pussy. Her gaping pussy leaked a steady stream of cum as they sat in silence and tried to catch their breaths.

They sat for a few more minutes before they were stirred by a knock at the door, “The food!” Sadie said as she jumped up from the couch and looked for something to cover herself up with. She felt unsteady on her feet, which she was used to after she swallowed Tommy’s load. Sadie often became ‘cum drunk’ after and she would get hornier, tipsy, and more desperate before she eventually started to grow. This time though, it felt different, it was stronger than usual and made her entire body buzz. Sadie grabbed her t-shirt from earlier and threw it on, her boobs created a curtain over her front but the back of it hung low enough to cover the majority of her butt.

Tommy watched as she walked to the door, her loose shirt fluttering and providing a brief glimpse of her ass. She opened the door just as the delivery guy was raising his hand to knock, his arm stayed up as his jaw dropped, his eyes shamelessly staring at her chest. Sadie wasn’t aware of it, but her previously thin lips were beginning to plump up. They weren’t very big but if someone looked at them they would assume she had lip fillers put in.

“Can I help you?” she asked innocently, her arms tucked beneath her breast making them pop ever so slightly. She leaned against the door frame to brace herself as she felt her balance start to slip, *I didn’t swallow his cum but him cumming in me must have been enough.* She thought silently giggling to herself.

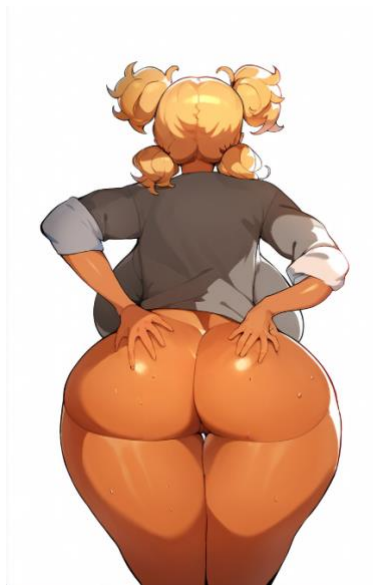

Tommy hadn’t taken his eyes off Sadie since she walked to the door, he wasn’t positive but it looked like her shirt was beginning to ride up her butt more. The loose shirt that initially covered her butt barely covered half of it, her thighs and ass were thicker than he remembered but she had always had large thighs to begin with.

The guy extended his hand that held a brown plastic bag and Sadie took it from him, She giggled “Thank you so much, you’re the best!” She said with a slight bounce, even such a small motion was enough to create a tremor in her breasts that once again drew his eyes down to her huge knockers.

“Have a good day-“ He said as she shut the door in his face, she didn’t tip him but he left with a smile on his face anyway.

Tommy had watched the entire interaction, thinking it was funny how flustered the delivery guy was but also enjoying how Sadie showed herself off without even meaning to. He also noticed that her ass had indeed begun to grow, her hips seemed to widen with her booty as it filled out.

“What are you staring at?” Sadie asked, enjoying how he seemed to devour her with his eyes.

“Your ass... Your ass is...” He muttered.

“What about it?” She questioned as she twisted and looked over her shoulder. She reached back and grabbed her ass, it was indeed bigger than she remembered. “Holy shit! Is my ass growing too?”

“I think so,” Tommy said, “I think that when I cum in you, everything else grows too!”

“So, if you cum in me... my ass will grow more?” She said as she raised her eyebrow and licked her plumped-up lips as she looked at Tommy’s cock, watching it grow stiff again.

Tommy got off the couch as Sadie set the food down on the table, they both embraced one another and began to make out once more. She grabbed his hard dick and stroked it, slowly guiding him backward into the bedroom by stiff manhood. Sadie eventually bumped into the bed and turned around so she could climb onto the bed, before she could, Tommy grabbed her by her now large hips. She giggled as he pulled her juicy ass against his cock, which was sandwiched between her swollen cheeks. She rubbed herself against him as he pushed her forward, making her fall forward onto the bed. Sadie’s ass swayed in the air as she lay on her gigantic breast which were pancaked beneath her, they elevated her slightly but spread out in all directions.

Sadie gasped as she felt Tommy line his dick up with her dripping cunt, the cum from their first round still dripped from her pussy and had dried on her thighs. He plunged his dick into her without any warning and she let out a loud moan, his dick reached even further in this position, and he hit her cervix even harder, probably bruising it but the pain only translated to pleasure in her cum drunk state.

“Oh god, you feel so GOOD!” She called out as he pounded her pussy, her ass bouncing against his stomach which made loud clapping noises.

“I think your ass is still growing,” Tommy said as he held her by her hips, pulling her backward against him as he thrust in to fuck her as hard as possible. Her ass was so fat that each thrust created tremors that traveled across her backside.

“Good, make me grow bigger Daddy! I want to be a big butt slut for you! Give me all your cum, I need it so bad.” She begged.

Tommy was eager to oblige her, he loved that his girlfriend would become sluttier and sluttier when they had sex. It was so hot to watch her transform into his own personal whore just to revert to a good respectable girl once she came down from her sexual high. *Well, as respectable as a girl can be with such huge tits*, he thought to himself with a chuckle.

Her ass was still growing from their first round, Sadie had always had a decent booty but her boobs had always been the center of their sex life once they started growing. Now, her rear was starting to catch up with her tits. Her ass had swelled to become an enticing bubble butt, and her hips flared out to provide the perfect handles for him to hold onto while he took her from behind. The claps of her ass on his stomach grew louder as she continued to grow, each cheek looked like a basketball was stuffed under her skin with proportionately thick thighs to match.

Sadie was lost in her own world of pleasure, a constant babble of words poured from her mouth as she begged him to use her like a slut, and a slight amount of drool fell from her thick lips as she moaned. She loved the way her tits felt when they were squished beneath her body, her nipples dragging against the sheets as he pounded her relentlessly. All inhibitions had been washed away after he came in her for the first time, one of their favorite aspects of getting drunk on his cum. Any time she got this horny, she became obsessed with sex and Tommy. It was almost impossible for Sadie to think of anything else besides sex, forgetting almost everything else besides how to pleasure her boyfriend.

Tommy reached down and grabbed a handful of her hair, pulling her up to him so he could speak into her ear. “Do you want my cum?”

Sadie’s tits sagged down as he lifted her by her hair, her engorged nipples still grazing the bed, “Yes sir, please give it to me.”

“Do you want to grow bigger?”

Her heart fluttered with excitement at the offer, thinking about how much bigger her ass would grow.

“Yes! Yes! I want to grow bigger; I want to have the biggest boobs in the world and a fat ass to match, just for you. I want to feel your cum make my fat ass fatter.” She cried out, “You feel so good inside me, I love you so much.”

As her cries of pleasure began to devolve into moans and screams, she felt Tommy’s cock begin to twitch inside her again, letting her know that he was close to cumming. He grabbed handfuls of her ass and griped it hard as he came, his hips bucking into her and driving his cock deeper into her pussy. She felt the now familiar sensation of him blowing his load in her pussy, the tip of his cock flaring as it spewed inside her.

She ground her enhanced ass against his stomach, trying to coax more cum out of him. Sadie’s efforts were not in vain as she felt another burst of cum coat her insides, this one overwhelmed her, and combined with the feeling of her tits rubbing on the bed, she had the strongest orgasm she had ever experienced. Tommy slid his cock out of her and collapsed on the bed next to her while she shuddered from the orgasm as it continued to rack her body.

Sadie12

The intense orgasm eventually subsided, and she looked up at Tommy with a drunken gaze, his forehead was dripping with sweat, but he smiled at her and rested his hand on her tit.

“Thank you so much,” Sadie said as she felt herself falling further into her cum drunk haze, her body buzzed as she felt the changes begin to take hold. Her hips popped as they shifted and began to expand, her ass was flooded with fat and her lips plumped up more, looking like someone went a little too heavy with lip filler injections.

Sadie reached over to his soft dick and began to play with it as her thighs grew fat enough to match her ass, overcome with desire as her body burned hot with arousal.

“You’re not done yet, mister,” she said as she slid to the floor and positioned herself between his legs.
