Rebecca sat in her living room, lounging about and enjoying some good old fashioned youtube tik-tok compilations, an activity she found weirdly entertaining for how simple and brain numbing it was. Laura, her room mate, sat nearby scrolling her phone seemingly infinitely. The two young women were the pinnacle of normal, browsing their perfectly average phones, looking at each other's perfectly average bodies whenever their eyes got a little bored, only to go straight back to whatever electronic device was currently sitting in front of them.

Laura looked up from her phone and at Rebecca, her gaze lingering for weirdly long until her friend tore her eyes away from the dancing girl on screen and focused on Laura. Laura looked over her friend's form, appreciating the prettiness of the girl she had been lifelong friends with. Rebecca was overall normal looking, not a model but still very pretty with long hair and a slim body. Her chest was nearly entirely flat but her lower half was a bit bubbly, though not very large at all. Her outfit screamed casual, just a regular old pair of ass hugging blue jeans and a belly baring crop top. Laura smiled with a small chuckle for no particular reason, more or less just to remind Rebecca they were actually spending time together rather than just in the same room doing separate things.

Rebecca smiled back, appreciating Laura's small but obvious gesture. Her eyes similarly looked over her body, gazing clearly and roaming even more clearly. Rebecca had always viewed Laura as more attractive than herself despite Laura being overall just as normal as she was. Laura was more cute than hot, her similar slimness emphasized by her skin tight yoga pants and her sports bra. Her bra brought out the hotness, her face was cute but her tits filled her bra wonderfully, her soft, bulging mounds sat at double d's, a size Rebecca was often jealous of and attracted to at the same time. Rebecca had always talked about wanting bigger boobs and even a bigger ass, something Laura never forgot as she long ago decided to tease Rebecca with her own big boobs regularly.

The two looked good together, Laura as the cute, excitable one with big tits and Rebecca as the more mature one with a decent ass. The duo was inseparable for years, their friendship was regarded as the utmost goals to all of their other friends.

Rebecca would be lying if she said she didn't ever want a closer look at her roommate's perky, large tits or her slim ass, and Laura would be lying if she claimed she didn't secretly feel the same way. The pair both had the hots for each other, though neither ever had the guts to admit it out of fear of ruining their life long best-friendship.

The two both went back to what they were separately doing, Laura swiping down her phone while Rebecca turned to face the latest clip in her tik-tok compilation.

"Buy now! The Forbidden Panties!" A beautiful woman yelled, spinning to show the camera her ass. Rebecca smirked, the model girl's butt looked spectacular in her skin tight pants, a trademark of half the girls on the app. Rebecca wasn't surprised, it was a very normal thing for a model to suggest

some brand of ass lifting pants, panties, leggings or assorted thigh workout straps, especially on tiktok. Rebecca could never forget all the comments about *"Forbidden Pants"* and the like on any single video of a decent ass wearing something tight, a trend she woefully wasn't thick enough to participate in. Rebecca mentally applauded the usage of the meme term, it was almost enough for her to actually consider buying the things...

"Hey!" Laura yelled, lunging forward, away from her phone and towards the TV remote, pausing the video on the perfect frame of model booty. *"Let's buy those! I know you always wanted to have a nicer ass!"* Laura finished, smiling and giggling for at least five full seconds afterwards.

Rebecca sighed, Laura was always very trigger happy, she could be sent into spontaneous adventure mode at any second. Rebecca's sigh quickly turned into a smile, she had always loved that trait about her roommate, it was never harmful to go on a sudden shopping trip, especially with someone she loved.

But Rebecca thought further and decided to hold her tongue, refraining from informing the excited Laura that the panties wouldn't actually make either of them any thicker. Laura wasn't stupid but tended to want to live out various fantasies, her hair trigger response to the so called Forbidden Panties only proved it further. Rebecca continued to think on if she really felt like leaving the house for a potentially pointless shopping trip, there was no telling if the panties were even for sale offline...

"Fine." Rebecca said, prompting Laura to nearly jump from the couch in pure excitement with a gleeful smile. Rebecca paused to imply she had more to say, Laura simmering down as she waited for the final words.

"But *you're* the one paying. Forbidden Panty money doesn't grow on trees." Rebecca said with a smile, waiting for Laura to inevitably jump into her arms

with her usual over happy hug. Of course, Laura did exactly that, the pair entering an embrace that lasted what felt like forever until Rebecca stood to grab her car keys.

"I'll drive." Rebecca stated with a smile before Laura eagerly pulled her through the house and out the door. The duo's panty searching adventure had begun and they were already excited.

The mall was just as normal as it had ever been, bustling stores, full food court, the whole nine yards. It wasn't a surprise at all but Laura quickly noticed that there was a large gathering near the most popular clothing stores, a crowd of primarily women gathered around one focal point. Laura signaled to Rebecca and pulled her along to see what all the commotion was about, they'd have to head to the clothing stores anyway if they planned on finding the legendary Forbidden Panties of internet fable. As Rebecca and Laura approached the crowd and pushed themselves through they were greeted by a very obvious sales person, obvious not only in the fact that they were definitely product placement personified but also in their loud speech and bright clothing.

"The Forbidden Panties! You may have heard of these on your little magic techno whatever screens, but **these** are the real deal!" The man continued to yell at the crowd, pointing fingers and holding up a pair of lacy black panties. Laura and Rebecca exchanged looks, this was exactly what they came here for. But could they trust such an eccentric man? Even the way he spoke was a bit strange, hell did he mean by magic techno screens? Actually, the longer Rebecca looked at him the more he seemed to be ripped straight from some fantasy world, his robes looked more wizardlike than a salesperson and his hat was definitely something a sorcerer would wear... Rebecca didn't even like fantasy, Laura was the one who was so fond of RPGs and the like, it just

so happened to rub off on her enough to recognize a cosplay.

"We'll take two!" Laura waved with an excited mini yell, the Mall Wizard grinned and greeted the two of us with a cackle. The mall wizard turned backwards, Laura and I, and the rest of the gathered crowd, were forced to watch the man shift around his large pile of various objects until he eventually found the panties. The Mall Wizard stepped forward, his wrinkly fingers clutching at the black, completely clean lace panties.

"Just for believing in me, you can have them free of charge. Enjoy your new asses!" The Mall Wizard said, pushing one pair of panties into both Laura and Rebecca's chests before withdrawing. Before the two could thank him or even process what was really happening, the Mall Wizard and his pile of belongings completely disappeared as if they were never there in a puff of brilliant smoke. The crowd stood aghast, everyone exchanging glances and murmurs between each other. Laura and Rebecca were in the same boat but rather than stand surprised they smiled at each other, both of the women were certain it was the real deal. "They have to be real," Laura said, "A damn WIZARD gave it to us!" Laura finished with a toothy grin. Rebecca continued to look over both the happy Laura and the environment, what the hell was going on? Shouldn't this be cause for concern?

Laura didn't let Rebecca continue to overanalyze the fantastical situation they were caught in and swiftly moved to grab her arm, pulling her out of the mall and straight back into the car they had traveled in.

The pair stripped as soon as they got home. They frequently changed clothes in the same room, almost always passing it off as just "sisterly bonding" or whatever the hell they could come up with at the time, though

each of them knew damn well it was a simple excuse to ogle the other. Rebecca and Laura stood bottomless, Rebecca wearing a simple graphic t-shirt while Laura wore a cleavage showing low neck top. Down below, both of the girls were stark naked, a sight they both enjoyed on the other, both pairs of eyes roaming somehow out of sight. Laura clapped her hands and smiled, lifting the pair of panties she had received into the air.

"Now, let's watch the magic happen!" Laura gleefully cheered, nearly jumping into the panties and pulling them straight up her soft thighs and onto her girly butt. Rebecca followed suit, still doubtful of the legitimacy but eager to spend time with Laura nonetheless. The pair stood motionless as they awaited something but nothing happened, Laura playfully shook and jumped around but still, nothing.

Eventually, Laura and Rebecca decided to just put their pants back on, Laura donning her classic skin tight yoga pants and Rebecca her casual jeans. The pair went about their day, returning to their same room separate activity setup.

—

"Becca! I think it's happening!" Laura screamed, jumping from her seat and onto her feet. Rebecca shook herself from her nap and to attention, gazing at the standing girl before her with an intense look. Rebecca continued to stare and Laura continued to smile and bounce around hoping something would happen.

And it didn't.

Laura pouted after a few minutes of nothing. Rebecca stood to pat the girl on her shoulder but rather than comfort her, Rebecca found her hand quickly drifting to grab at Laura's ass cheek. Laura giggled, "I didn't know you were an ass girl! Why didn't you tell me?" Laura said, pushing her ass backwards to

allow Rebecca a better grip.

Rebecca tried to pull her hand away but couldn't, her movements only sent Laura's ass into an increasingly jiggle jiggle fit. "I'm not doing this on purpose Laura..." Rebecca said, though her enjoyment was definitely there.

Laura bent forward in an effort to fill Rebecca's palm even more, her horny level increasing by the second, presumably due to whatever magic the panties held. Rather than push her ass into Rebecca's hand the duo felt her ass flesh push Rebecca away from it. The two gasped as their jaws dropped and they both watched in anticipation as Laura's lower half began rising like bread. Her bright blue, tight yoga pants gradually filled out further and further with Rebecca's palm still laid firm onto it, fingers sinking deeper into the rising flesh. Laura flushed but she opened her mouth to speak, only for a lewd, loud moan to slip from between her pretty lips.

"You love it when I touch your ass babe?" Rebecca said, though her other, free hand moved to cover her mouth, beleaguered on why, or how she even said that without ever thinking it. Laura moaned more, arching her back and swaying her hips back and forth against Laura's full palm. Her ass didn't stop growing, by the second Rebecca's hand filled with more and more until Laura had a nice, round, plump bubble butt. Rebecca, losing control of her body once again, finally took her hand away. Laura pouted, her secret desires for her roommate falling off a bit until Rebecca delivered a hefty swat to her enlarged booty. Her ass cheek bounced like nothing had ever bounced before, the force of the impact sent ripples across her entire lower half even down to her thighs.

"I've always loved your thick thighs, Laura..." Rebecca said, resigning to the panties' corruption. Rebecca moved her hands across Laura's bigger booty, caressing every inch of her still growing cheeks until she reached her thighs, which then received a hefty amount of stroking and groping on the inner sides.

In Rebecca's hands Laura's thighs plumped up in tandem with her still growing butt, Laura moaned with every minor stroke delivered to her thighs, her lewd sounds filling the living room more than the tik-tok compilation on TV ever could. Laura's body continued to expand, her lower half had already grown from regular, slim and average to thick, pear shaped and booty-licious in just a few minutes. Laura bent even further, resting her head on the couch as her ass pointed straight upwards towards the waiting Rebecca, Laura spread her legs and swayed her bubbly ass cheeks side to side. Rebecca was in complete awe, her room mate's booty had grown so spectacularly large each cheek was much larger than her head, each one sat at the size of over inflated basketballs with the size to match. It was a wonder her yoga pants were even holding together but Rebecca couldn't deny how spectacular their new tightness was, every detail of Laura's behind was outlined down to the black panties underneath the blue pants. Laura's seductive, ass moving sway only added to the appeal, her flesh moved independently of the rest of her body, each half of booty gently slapping against the other as they continued to grow.

"Don't ever forget who's ass this is, Laura. Your massive, dump truck booty belongs to me now, I own every inch of fat ass that you have."

Rebecca said, taking a much more dominant tone than before and delivering another swat to her roommate's booty. ***"And mine belongs to you."***

Rebecca couldn't believe her mouth but didn't feel any regret at what she had said. Her deep hidden desires for her already beautiful room mate were increasing by the second and according to her mouth, even she was about to receive the same treatment. Rebecca's pants grew tighter, her glance and even the sexy time focused Laura's eyes moved to her lower half. First, Rebecca's thighs plumped up underneath her jeans in one large surge, filling the fabric much more than she ever did prior. Next, her hips widened with a loud crack, immediately passing her shoulders— popping the button and ripping the zipper from her jeans. Rebecca stood in shock but couldn't take her hands away from Laura, Laura reciprocating every inch of booty based

affection by inching even closer. At this point Laura was nearly twerking on Rebecca though she lacked real contact despite how large her ass and Rebecca's bulging thighs were.

The panties had other plans. In one swift moment, as if a lightning bolt of pure booty blessing had struck them both, Rebecca's (comparatively) flat ass immediately shot forth. Rather than slowly plump up like Laura's did Rebecca's immediately form into a massive shelf behind her, her pants filled by two basketball sized cheeks which weren't even done growing. The growth spurt was enough to destroy Rebecca's center of gravity entirely, forcing her to stumble forward. Laura had similar plans of her own, she was already moving closer and had caught Rebecca perfectly against her cheeks. A slimmer girl could have fit perfectly between Laura's massive lower half but with Rebecca's new thickness and massively wide hips they meshed together perfectly. Rebecca sighed to herself, her blush fading as confidence surged. She was finally getting what she wanted, she could only hope Laura wanted the same thing.

"I love you, Rebecca! Play with, slap and grind against my massive bubble butt all you want!" Laura moaned, her classic toothy grin escaping her mouth. Rebecca's flush returned, happiness flowing into her like the ass flesh was flowing into her booty. Rebecca was happy to oblige, though she had never guessed she'd be attracted to an ass so massive, an ass expansion kink had definitely grown inside her.

Laura continued to moan, shaking her sensitive ass against Rebecca while she continued to grind, slap, bounce and grab all over Laura's now nearly yoga ball sized ass. Rebecca's growth followed, her thighs rubbed against each other with newfound wetness while her hands caressed the similarly thick thighs Laura had grown. With every twerking motion both of the women grew, every ass jiggle, every ripple across, and every clap was enough. And of course, the claps were many. As the girls continued to grow their asses

became so large they couldn't move without making a sound, each huge cheek slapping against each other without even trying. Every intentional twerk Laura threw at Rebecca omitted a loud, fleshy clap that only encouraged them to keep going. The clap was loud but the expansion that followed was far more entertaining, the claps synchronized perfectly with the explosive growth the two continued to experience.

They stood, enjoying each other's booty obsession for what felt like hours, their pants straining to contain them for far longer than they ever should have had a right to. As Rebecca surpassed beach balls into yoga balls her pants finally ripped, falling to shreds around her along with the black panties she had been gifted. Laura's yoga pants soon followed, their stretchiness allowing her just a few more inches of massive ass to grow. Her panties fell to tatters and the two fell backwards, landing on their similarly massive asses. The sheer size was enough to propel them multiple feet into the air and the mere act of standing sent the bigger buns into an unstoppable jiggling fit each. As their asses jostled against their own cheeks Rebecca and Laura couldn't help but smile at each other, happy the Mall Wizard had allowed them to not only get larger than life, fat asses, but also realize the feelings they had for each other. The panties had done a wonderful job, their butts looked good in every way with zero imperfections, deliciously gravity defying and wonderfully soft. They had no regrets, other than the fact they'd have to replace every single wardrobe item they had.

In one last motion, the two turned away from each other and stood back to back, bouncing booties swaying terribly close together. With two swift movements both Rebecca and Laura felt each other's lower half as they had made ass to ass content, the moaning, almost tidal like waves of fleshy ripples multiplying as their cheeks smacked and bounced against each other. The feelings were nearly ethereal for them both, their already sensitive, fattened asses only felt much better against each other's, Rebecca experiencing orgasmic booty based feelings until she couldn't hold back her orgasm anymore, Laura following suit as they both came their ass-addled brains out.

The duo stood as their massive lower ends continued to rub against each other, endlessly jiggling, bouncing and swaying while their bodies inadvertently kept their hips moving.

The two stood wordlessly until pulling each other into a hug, their massive thighs slightly separating them a bit. Rebecca's hands were the first to roam, sliding down Laura's back until reaching the top of her insanely large ass, caressing the soft, nude thickness she had gained.

"I love you." Rebecca said, Laura pulled her into an immediate kiss afterwards. It wasn't long before the pair pulled each other into the bedroom, asses bouncing all the way there.
