

Princess Peach let out a moan of pleasure as she spanked her ass cheeks again with the large paddle she had hidden in her bedroom. None of the toads knew she had this paddle; it had been something she had managed to acquire when she had been kidnapped by Bowser a while back. No one would believe the princess had something like that in her possession; after all, she was the perfect princess. Though Peach hated that she was viewed that way, the perfect, good as gold, meek, mild princess. She was so sick of being meek and mild all the time.

She wanted to be worshipped, idolized, hell lusted after by all of her loyal subjects. Peach wanted her name to invoke emotions of passion and pleasure from her people. As she spanked her ass again, Peach arched her back and cocked her neck upward, just in time to see a star shooting across the sky. "Unnnnghhh, I wish...I wish the name Peach inspired lust in all of the people of the world who gazed upon my tumescent booty!" Peach shouted with passion. Unnoticed by her, the star shooting across the sky twinkled a little brighter. "Oh, umm whoops, I meant beauty, hehe," Peach said, correcting herself bashfully.

With her wistful thinking now passed Peach went back to the job at hand. She continued to abuse her bountiful booty, eager to push herself to orgasm from the pleasure each slap gave her. It wasn't long before Peach was biting her pillow and cumming all over her bedsheets. After cleaning up, Peach quickly went to bed, as tomorrow was going to be another busy day. Hours passed, and eventually Peach's slumber was disturbed by a voice cutting through the air: "Peach! Princess Peach, it's time to get up!" the shrill voice of a Toadette called out.

Waking from her slumber, Peach let out a low moan. Her ass cheeks felt a little tingly. Maybe she went a little overboard last night. "Come on, Princess Peach, let's get you dressed; it's time for breakfast," the Toadette said while pulling the curtains open. Peach grumbled and looked back over her shoulder, shooting a glare at the small woman trying to help out. Only Peach couldn't quite see Toadette, the short-statured woman was hidden behind Peach's very plump-looking rump. Peach's eyes went wide, and she quickly rolled over on top of her now much fatter ass cheeks.

She really did get too out of hand last night. Her ass cheeks never swelled up like this before. Only they didn't really feel that sore either. If anything, they felt really good. Even the gentle weight of her thighs resting on her ass felt good. She was starting to grow a little flushed in the face. "Princess Peach?" Toadette said, turning towards her. "Are you ready to get up? Perhaps the princess needs some alone time?" Toadette said while raising her eyebrows.

Peach's eyes went wide. Never in the history of her being served by toads and Toadettes had any of them ever mentioned Peach needing some alone time. In their eyes, she was infallible, perfect, and a princess who never succumbed to lower urges. To hear Toadette even suggest such a thing was so foreign to Peach that she was almost certain she heard it wrong. "Excuse me? What did you just say?" Peach said, looking shocked at Toadette.

Toadette seemed to remember her place and shook her head. "Oh, it was nothing, princess, just my mind wandering," Toadette said before returning to her tasks.

Peach climbed out of bed and pulled off her nightgown. She walked into her bath chambers, where two more Toadettes were waiting. As she walked by the Toadettes, Peach couldn't help but notice one of the Toadettes was staring at her ass. Peach caught a glimpse of it in the mirror; it was bigger than it had ever been before. There was no question, but what was causing it. "Is something wrong?" Peach said, staring at Toadette, who was enamoured with Peach's ass.

The Toadette started and pulled her gaze away from Peach's ass. "Oh, Princess Peach, no, it was nothing. Are you ready for your bath?" Toadette said this time, keeping her eyes forward. Only Peach had stopped paying attention to Toadette. A slight movement caught her eye. Did her ass look even bigger? Was that it? "Say that again," Peach said, looking at the Toadette.

"Princess?" Toadette said, confused, her eyes looking down and glancing around nervously.

Peach walked over closer to the Toadette. "My name. Say it again," Peach said, pursing her lips.

"Ahhhh Peach?" The Toadette said it again, looking up at Princess Peach.

Peach wasn't looking at Toadette; she was watching the mirror, and sure enough, as soon as Toadette said Peach's name, Peach's ass cheeks swelled bigger. They were starting to get quite big now. Each of her pearly white ass cheeks were pushing the size of beach balls now. "Say it again," Peach commanded, and then pointed at the other Toadette in the room. "You say it too," she added.

The two Toadettes shrugged, and both said "Peach."

Peach shuddered and let out a low groan as her ass cheeks billowed out once more. Growing fuller and rounder, sticking out from her backside further than ever. "Again," Peach said, not taking her eyes off her ass cheeks. The two Toadettes repeated Peach's name. Peach groaned as her ass cheeks lurched out again, growing fatter. "Keep going," Peach commanded. "Say it again," she said, waving a hand at the Toadettes to encourage them.

The two short mushroom women shrugged and said Peach's name again. Peach let out a low moan as the tingling returned and her butt cheeks grew once more. And once again it stopped, Peach sighed and shot a look at the two Toadettes. "Keep saying it; keep saying my name until I tell you to stop," Peach said, planting her hands on her hips.

The two Toadettes exchanged a worried glance. "Are you okay, Princess?" one asked.

Peach looked at the two Toadettes like they had ten heads and asked, "Are you two not seeing this?" while gesturing to her now much fatter ass cheeks.

"Your magnificent rump, Princess Peach? What about it?" One of the Toadettes said still unsure of what was going on.

As Peach heard her name again, she sighed contently as her ass cheeks swelled again.

"Exactly, it's getting huge!" Peach said, groping her now yoga ball sized butt cheeks.

The Toadette who spoke shook her head. "I don't mean to be rude, Princess Peach, but your butt has always been huge. Peach's giant peaches are quite well known," Toadette stated flatly, as if she were pointing out the most obvious thing on the planet.

Peach only half-heard Toadette as her ass cheeks swelled out over and over. The pleasure was growing more intense the bigger her posterior ballooned. "So, you didn't just see that," Peach said once again, pointing to her ass. The two Toadettes just shook their heads no. It seemed like Peach was the only one aware of what was happening. To everyone else, she was always like this.

"Are you still getting a bath, princess?" Toadette asked.

"Peach," the princess said, correcting Toadette. "From now on, you are to only refer to me as Peach," she said before stepping down into the massive bathtub. "Be sure to give my butt some extra attention," Peach said before settling into the bath with a sigh.

"Of course, prin...I mean Peach," both Toadettes said at the same time, clearly eager to get their hands on Peach's ample rump.

Peach couldn't help but notice the two Toadettes did indeed take their time on her rump, and they gave it a very thorough wash. Not that Peach minded; her butt cheeks had become much more sensitive, so their rubbing was enough to bring Peach to orgasm multiple times during her bath. The Princess made sure to suppress her moans, though a couple did slip out. Throughout the washing process, the Toadettes talked casually and said The Princess' name multiple times. So, by the time Peach left the bathtub, her plump booty had grown even larger.

Peach was honestly surprised she was still even fitting in the bathtub. That was until she stood up and realized that her bath had grown larger along with her ass. It seemed that things were changing around her to accommodate her growth. This was confirmed when Peach walked back into her bedroom and caught sight of her now, massive bed. Peach had always had a large bed, but now it was large enough to house an orgy on it if she wanted. Which given that the other princesses were stopping out tomorrow. The thought of an orgy wasn't entirely a bad plan.

Peach quickly shook her head, dismissing the idea. She was thinking with her ass now and not her head; none of the other princesses would be open to that idea. They weren't a closeted freak like she was. Peach proceeded to get dressed shortly after her bath and quickly learned that it seemed everything was changing to meet her needs. Her clothes fit her gigantic ass perfectly. Though she did have to admit they were a little racier than she recalled. She was showing much more skin now between her legs, thighs, and she was wearing a low-cut dress to show off her cleavage. Which did seem bigger as well.

As she walked through the castle, she was repeatedly annoyed when her subject would refer to her as princess only. By the time she got to the throne room, her ass cheeks had barely gotten any bigger at all. Well, Peach was going to change that, she put out a call to have all of her subjects come before her. Once they were all there, Peach made the announcement that, from henceforth all of her subjects were to call her Peach only.

After that, Peach was delighted with the rest of her day as her ass cheeks continued to grow and grow and grow and grow. It wasn't long before Peach's ass was bigger than she was. It didn't stop there, though; it just kept swelling bigger and bigger, with people all around her addressing her by her name instead of princess. Peach's butt was growing out of control. And

Peach loved every second of it. Every time she grew bigger, now she came on the spot. By the time she finished walking the castle, she had cum well over three hundred times.

Her ass was so gargantuan that it made her bed from this morning look small. It was becoming clear that the changes were happening to more than just her castle too though. The Toads and Toadettes were clearly growing bolder as the day went on. They went from telling Peach how beautiful she was to telling her how beautiful her butt was. To eventually telling her how much her ass was turning them on and if she wanted any help with it to just let them know. By the time Peach made her way back to her bedroom at the end of her day, her ass had grown to the size of one of Bowser's airships.

That night, Peach had a night like no other. She had the Toadettes bring in every dildo and toy they could find. Peach proceeded to stuff her asshole with toy after toy, bringing her to stronger and stronger orgasms. It eventually became an assembly line of Toads and Toadettes shoving dildo after dildo into her asshole, stretching it more and more all while calling her name out with pleasure.

Throughout the night of pleasure, Peach's ass kept swelling and swelling and swelling. The ceiling of her room opened up as her ass cheeks kept getting bigger and growing higher into the sky. Eventually, they all passed out. Toads and Toadettes sleeping around Peach's hot air balloon-sized ass cheeks. Peach rested on top of her dildo stretched belly as she continued to cum even in her dreams.

The next morning, a new Toadette came into Peach's bedroom and announced that the other princesses had arrived. They would be arriving in the bedroom shortly. Peach was about to object when Pauline walked into Peach's bedroom. Peach's jaw hung open. She wasn't sure what had happened to Pauline, but she was now sporting gigantic breasts each of her tits were the size of a swimming pool. The mayor of New Donk City's ass cheeks were just as big. They were nowhere near as massive as Peach's peaches, but they were impressive nonetheless.

Pauline had brought gifts as well. It turned out the gifts were massive dildos, each one bigger than the last. Though it turned out Pauline wasn't the only one with gifts. Daisy arrived shortly after, and much like Pauline, she too was sporting much larger breasts. Not quite as big as Pauline's boobs, but Daisy's ass cheeks were easily twice as big; they were almost a rival to Peach's own posterior. Daisy's gifts were of a similar sort to Pauline's; the sight of all of those naughty toys being brought in only excited Peach more and more.

Lastly, Rosalina arrived from her starry sanctuary. As she descended down from the ceiling, her awe-inspiring breasts and ass cheeks cast shadows over the other two princesses. As Rosaline floated down, her breasts pushed their way between Peach's ass cheeks. Peach couldn't see what was happening due to her gigantic ass cheeks, but soon she felt two massive things penetrating her asshole. "Whoops," Rosalina said with a coy giggle. "Looks like I went and landed somewhere naughty," she said before she started pushing her nipples in deeper.

Peach gasped with pleasure as the galactic princess went to town, stuffing more and more of her massive breasts into Peach's asshole. Rosaline let out a sigh of pleasure as her massive breasts started leaking milk from her nipples. "I know how much you love that beautiful butt of yours, Peach, so my gift is helping you grow it even bigger," Rosalina said as she pressed in on the sides of her massive breasts.

Peach gasped and groaned as the warm liquid poured into her butt. She watched with delight as her behemoth booty grew and grew and grew and grew without a single mention of her name. The resulting commotion, though, only made Peach's ass blow up even faster. As Toads and Toadettes looked on with awe, "she's pumping Peach's ass even bigger and more glorious than it already is! Look how big our lovely Peach is getting!" One Toad cried out. Others joined in by simply calling her name and telling Peach she was getting even more beautiful.

With the crowd of subjects growing in number and all of them talking at once, Peach's ass cheeks kept growing faster and faster. Daisy and Pauline, not to be left out, started to work dildos into Peach's pussy along with their own holes. All of the princesses cried out with pleasure as their holes were stretched and stretched. Rosalina wasn't being left out either, as a squad of Toads and Toadettes formed a human ladder so they too could bury themselves between the galactic princess' ass cheeks and stuff her holes as well.

The more this went on, the more Peach could see changes in the other Princesses. Their lips grew plumper and sluttier, and their ass cheeks and breasts continued to billow out fatter and fatter, trying and failing to keep up with Peach's own now castle-dwarfing ass cheeks. Pauline looked up at Peach as she was lifted higher and higher into the air by her quickly turning mountainous ass. "Show your princess how much you love her! Cheers for Peach! The greatest sexiest princess in the land! Peach! Peach! Peach! Peach!" Pauline cried out.

This was a rallying cry for the Toads and Toadettes, and more of them started to flood in. Eager to bask in the glory of their princess and her gigantic ass. The chanting spread across the masses, and soon Peach was growing so fast that she was crawling across the landmasses.

"Yes! Yes! More! Don't stop! Keep saying it! Keep saying Peach! Don't stop! AHHHHHHHHH YES! MY BUTT KEEPS GROWING FASTER! I DON'T WANT IT TO STOP! PEACHY WANTS THE BIGGEST ASS IN THE MUSHROOM KINGDOM!" Peach shouted.

Hearing Peach begging for more, Daisy and Pauline both joined Rosalina. They stuffed their rapidly growing nipples into Peach's asshole and stuffed her with even more milk. Peach's eyes grew wider with pleasure as her ass ballooned much faster than before. The bigger her ass grew, the more the other princesses were changed along with the Mushroom Kingdom. Even the mountains off in the distance started looking like giant asses. It was like the entire kingdom was becoming obsessed with Peach's ass. Not just her subjects but the world itself was becoming perverted like Peach.

Peach's ass cheeks continued to balloon and balloon and balloon. It wasn't long before her ass cheeks were casting a shadow down over the entire Mushroom Kingdom. The shadow from Peach's ass continued to grow and grow and grow, soon covering in Sarasaland and quickly then after New Donk City. Peach's ass cheeks kept growing and growing and growing, showing no signs of stopping. The worship of Peach grew well beyond the reach of the Mushroom Kingdom, and soon there were billions of voices calling Peach's name.

With so many people calling out her name, Peach's butt quickly outgrew the planet, but it didn't stop there. It kept growing fatter and fatter and fatter, making Peach lose her mind with pleasure. "UNNNGHHHH, IT'S STILL NOT ENOUGH! BIGGER! BIGGER! BIGGER!" Peach shouted; she didn't care that she was getting way too big. She wanted to keep going; she wanted to keep getting bigger so she could continue to be worshipped while cumming her brains out for the rest of time.

The End.
