

Stuck Together Ch. 01

Lily arrives at Cindy's with Tim in tow, but first she has to deal with her cum-filled belly...

Lily grunted as she lowered Tim into the passenger seat of her car. The poor thing was pretty out of it, though that was hardly surprising really. Not even a half hour ago they'd still been stuck in an elevator together after things got...intimate.

Lily exhaled sharply as she straightened her back out, resting a hand on her belly. An hour ago it had been flat, but somehow Tim and his monster dick had flooded her womb with enough cum to grow her belly so big she looked like her water was going to break any day now.

Stifled moans slipped past Lily's lips as she made her way to the driver's side and eased herself into the seat as the huge plug she'd shoved in her pussy to keep the cum from leaking back out was making it quite difficult to move. She sighed as she sank into the seat with all the extra cum-weight in her belly pressing down on her thighs.

At least her belly had let them get out of there before the crew that came to fix the elevator asked too many questions. Thanks to the plug there really wasn't that much of a mess left behind so that was at least one less thing for them to deal with.

Lily had to adjust her seat a bit to prevent the steering wheel from pressing against her belly before pulling out her phone and pulling up Cindy's chat.

[Finally out of the elevator and about to head over. You better put on some pants too, we're both going to help getting out of the car.]

Lily paused for a moment before sending a second picture of her belly to Cindy to get her back somewhat for all the teasing she was doing earlier when they had just gotten stuck in the elevator. Not bothering to wait for a reply she starts her car and heads out, opening the windows on Tim's side as an added precaution, whatever got them all worked up in the elevator might still happen here in the car and the last thing she needed was that kind of distraction on the highway.

Fortunately the short trip was uneventful, Tim fell asleep in less than a minute, leaving Lily alone with her thoughts, and the...*unique* sensation of her belly swaying with every turn and jostling with every bump. It was sorely tempting to reach down and play with herself but she managed to hold off, knowing that Cindy would be more than happy to help her out soon.

Pulling up to Cindy's place Lily breathed a sigh of relief, no "incidents" along the way, now she just needed Cindy to get out here and give her a hand. Luckily she didn't make them wait long, trotting out to the car in excitement.

“Holy shit it's real!” Cindy gasped as Lily opened the door. The way Cindy was staring at her belly made her feel a bit embarrassed of all things. Back at the elevator she was still riding high on endorphins and had the immediate goal of getting out of there as soon as possible to distract her, but once she'd gotten to her car she didn't have any more distractions. The trip to Cindy's place had made her very aware of her belly and Cindy was inadvertently drawing more attention to it.

“Keep it down, I don't want to cause a scene.” Lily almost hissed, being a bit on edge and really just preferred to get inside as fast as possible.

“Sorry, sorry, it's just...so big...” Cindy apologized as she reached out and Lily took her hand, heaving her up and out of the car. She was still a bit unsteady on her feet but with Cindy's support they made it around to Tim's door easily enough.

“Aww he's pretty cute, you really do have a thing for shorter people huh.” Cindy teased as she took the lead in dragging Tim out of the car. Lily got her car closed up and shuffled over to help Cindy get Tim inside.

“Where are we dumping him?” Cindy asked as they shuffled inside, kicking the door closed behind them.

“The bedroom is fine...I need a shower anyways.” Lily's voice was strained, all this movement was causing the plug to shift around, grinding against her walls with every step. Plus she could feel the pressure of Tim's cum pushing on the plug, she wouldn't be able to keep it in her for much longer.

They heaved Tim onto the bed, Lily had to lean back against the dresser to catch her breath while Cindy arranged Tim to be a bit more comfortable.

“Are you alright? Is the belly bothering you?” Cindy asked as she worked, quickly getting Tim on his back and straightening him out a bit.

“Ah its...it's not so much the belly as what's keeping all the cum inside...” Lily offered, lifting up her skirt so Cindy could see the base of the plug, so large her panties barely covered it. Cindy whistled in appreciation at the view. Lily winced slightly as she pushed herself up once Cindy was done with Tim.

“It was supposed to be for you, but I happened to need it...surprise?” Lily clarified, knowing that Cindy wouldn't really mind that Lily got to use it first but still feeling a bit bad about ruining the surprise for her.

“Well, how is it?” Cindy asked with a smirk, knowing full well the kinds of dildoes and plugs Lily had used before but clearly eager to hear what she thought of it.

“Well it stretched me out good, I had to ease it in slowly. Even after taking Tim's python and with the extra weight pulling down on my hips...” Lily explained, resting a hand on her belly for emphasis, Cindy's eyes following her hand. Silence hung for a moment.

“Can I touch it?” Cindy asked with barely contained eagerness in her voice. Lily nodded and Cindy stepped in close, at first gently brushing her hand along the curve of her belly. Lily moaned softly as her body shuddered slightly at her touch, sparks of pleasure going off in her brain.

“Are you okay?” Cindy asked, quickly pulling her hand back. She might be a bit of a gremlin when sex was involved but she wasn't careless about others, far from it actually.

“It's fine, just sensitive...you can keep going...” Lily breathed as she steadied herself. Instead she was surprised to see Cindy step back instead.

“How about I go start the shower, by the time you waddle over there it should be all warmed up even!” Cindy joked as she started heading towards the door. Lily couldn't see it, but she knew Cindy had her usual impish grin on her face as she walked. The little tease even started pulling off her shirt just as she stepped through the doorway, moving out of sight before anything fun could be seen.

“Damn tease...” Lily muttered under her breath as she made to follow her, the weight of her belly and discomfort of the plug holding it all in forcing her to “waddle” as Cindy had put it. As she reached the hallway the sound of running water could be heard from the bathroom. At least Cindy wasn't lying about that Lily thought to herself as she navigated around Cindy's discarded clothes.

Lily huffed as she reached the door to the bathroom, closing the door once she was inside, the room already felt warmer as the shower ran with Cindy already enjoying the water. As Cindy had pointed out, she was short, even shorter than Tim. Her figure was slim, making her easy to be handled by her partners. Her short red hair was already sticking to her neck but didn't quite reach her shoulders. Her gaze fell to her chest, small pert tits stood proudly, almost as if gravity had no effect on them.

Falling even lower, Lily's eyes fell upon Cindy's dick. It was small but hard as a rock, in no small part due to the endless teasing and edging she'd been doing since Lily got stuck in the elevator. Lily had expected her to go all the way when she was transitioning but Cindy never did, she never gave a straight answer about it, but clearly enjoyed still having it. Plus, as she always said, ‘guys won't give a shit as long as you still have a hole for them to shove their cocks into, and I still have two perfectly good ones!’

At this point it was pretty obvious that Lily had gotten distracted, Cindy did a little spin, sticking her butt out as she turned, the flared base of the large plug Lily had told her to insert after finishing with Tim in the elevator proudly on display. Her ass was her pride and joy, though the hormones hadn't done much for her chest her ass had literally blossomed, not huge in the grand scheme of things more it looked big and soft on her smaller frame..

“Well? Are you going to join me or what?” Cindy teased, calling out a bit louder than normal to be heard clearly over the running shower.

“If it means you stop splashing water all over the bathroom I guess I have to...” Lily jeered back as she made her way over, awkwardly tossing her own clothes to the floor as she got closer, her crop top and skirt were easy enough but her panties proved a bit more problematic but even as Cindy laughed at her misfortune she managed to get them to drop down soon enough.

Carefully stepping into the shower she sighed appreciatively as the hot water hit her. It was both a relief and a sensual tease as the water ran over and around her belly. Lost in the moment one of her hands snaked its way past her belly to tug on the plug but just as her fingertips touched the plug Cindy grabbed her wrist.

“Not so fast, that's *my* job.” She interjected as she got down on her knees in front of her. Lily moaned as Cindy's hands made contact, not with the plug or her pussy, but her belly. She eagerly caressed its curves, pressing her face into the soft mass, sinking into it enough to get Lily to gasp and moan as she reached for the convenient handle mounted to the shower wall.

“Aaahhh...easy there...what about the plug?” Lily asked between breaths as Cindy grew more adventurous, her small frame almost completely disappearing from Lily's line of sight, blocked by her cum filled belly. Suddenly she groaned as Cindy's hands moved to her thighs while she started to kiss and lick the lower curve of her belly.

Lily's already sensitive body was beginning to buckle under Cindy's sensual assault. Her legs were starting to shudder as Cindy's hands ventured towards her pussy only to suddenly reverse course. The only thing keeping her standing was the extra support from the handle. Fortunately it seemed like Cindy didn't want Lily to collapse on her so her fingers finally made their way to the plug nestled tightly in Lily's pussy.

Lily groaned loudly as Cindy started to shift and twist the plug, the sensations from walking around and driving with it inside her had been bad enough but Cindy was much more...targeting with the way she played with it. Pulling on it just enough to get her pussy to start stretching around its girth only to release it and watch as her pussy pulled it back inside.

“D-dammit Cindy...” Lily muttered under her breath. She knew Cindy was doing what she was supposed to, gently work her up to the big stretch needed to get the plug out but the whole situation was so sexually charged and she'd already been wearing the plug for over an hour at this point, she just wanted it out. What Lily hadn't realized is that Cindy's playing around had started to produce results.

“Uh oh Lily, looks like you're starting to leak here...I better clean you up...” Cindy alerted her from below. She pressed her face into her crotch and managed to slip her tongue past the base of the plug to tease her lips even further. Eventually she switched sides, her tongue continuing its works until suddenly Cindy pulled away from her pussy and reappeared from below her belly. She didn't understand why Cindy had stopped or what she was standing up.

“What are you...” Lily started but never got the chance to finish as she reached up, and eased her head forward to meet in a kiss. As Lily got really into it Cindy sprung her trap. It seems she wasn't kidding about her pussy leaking as she flooded her mouth with Tim's cum. Lily instantly recognized it from the taste she'd had of Tim's precum back in the elevator. Not expecting Cindy's plan, cum oozed out from their lips as the kiss continued, Lily had to break it off quickly to properly swallow what had successfully made it to her mouth.

“You didn't tell me he was so tasty...” Cindy teased as her hand made its way back to Lily's stuffed belly.

“Luckily you have a lot more to tide me over until Tim wakes up.” Cindy purred as she reached down and started gently pulling on the plug again. This time she wasn't playing around as she eased the plug out. Though Lily's pussy wasn't quite ready to give it up so casually.

“Your pussy is so greedy. But don't worry, I'll get my gift eventually.” Cindy promised before she got back down on her knees. Lily held on tight and took deep breaths as Cindy's fingers firmly grabbed onto the plug and started to twist and tug on it. Lily moaned through gritted teeth as Cindy pulled more and more of the plug out, her pussy stretching further and further around the plug's girth.

“Almost...there....” Cindy said, slowly edging the plug out. Lily's free hand went to her belly, rubbing it knowing that soon it'd be drained away. Moaning as her pussy stretched further and further until it finally got past the point of no return. As the widest part was pulled free and it started to taper back down her pussy squeezed down, practically shooting the plug out from her pussy, bopping Cindy in the chest as Lily groaned in relief as the growing pressure she'd been dealing with for over an hour now had a way out.

“Finally...” Lily groaned as cum poured from her pussy, the hand on her belly could already feel it starting to shift and shrink as the cum drained away, splattering down into the shower. Lost in the relief of the pressure draining, she didn't even register that Cindy had dropped the plug until her arms wrapped around her thighs and her lips pressed against her pussy.

“Ahhh! Cindy...w-what are you...doing!” Lily struggled to ask as her tender and sensitive pussy was stimulated both inside and outside. It was hard to hear over the shower but she heard muffled gasping and swallowing from below her shrinking belly. Cindy had said Tim's cum was delicious, she must be trying to gulp down as much as she could.

Cindy seemed to have zero intentions of stopping to explain herself to Lily, instead continuing to gulp and lap at the cum pouring out of her. Even among all the relief and pleasure, as the mental image of Cindy's face *literally* covered in cum faded into focus Lily couldn't help but start to moan. Picturing the little imp of a woman trying to push it all into her mouth was hot.

Even as the pressure dropped and the flow of cum slowed Lily's hips started to shudder and shake, Cindy had more time to literally eat her out and the pleasure was growing to be too much.

“C-Cindy...you're...gonna make me cum!” Lily panted out, not because she wanted or hoped that Cindy would *stop*, oh no. Lily knew that'd only egg her on even more, and Cindy didn't disappoint, putting more and more effort into pleasing her as Lily's moans grew louder and more passionate with every passing second.

As her belly shrunk down it slowly revealed Cindy. It was still a bit hard to see but her face did look properly covered in cum even as more ran down Lily's legs and pooled in Cindy's lap. Sensing that Lily was getting close Cindy shifted her arms to Lily's ass and started kneading them roughly. This new point of pleasure nearly overwhelmed Lily but she managed to grit through it for a bit longer but she knew she was running out of time, she was being bombarded with too much pleasure and barely lasted another thirty seconds before another orgasm blossomed deep at her core.

Her whole body tensed up, the knuckles on the hand gripping the handle turned white as she held on for dear life. Now that her belly was mostly deflated it left her hand free to properly shove Cindy's face in her crotch as she rode the wave of her orgasm. Cindy's tongue didn't stop for even a second, going all out to make the last seconds of her orgasm as amazing as possible before the wave crashed and Lily's orgasm waned.

As the tension flowed out of her she started to slide down the wall of the shower, Cindy helping her down until they were both sitting down. Once Lily was settled Cindy leaned in for a kiss. Lily was too exhausted to lean into it but Cindy made up the difference. As their lips pressed together she didn't have time to muse about the dregs of cum coating Cindy's face as Cindy pushed through with her tongue only to feed a mouthful of Tim's cum down her throat! Lily would have moaned if her mouth hadn't been full, it truly was delicious, even better than the precum she'd sampled in the elevator.

Her mischief done, Cindy broke the kiss and sat back as the hot water poured over them, Lily coughing lightly as Cindy caught her breath.

“That was tasty, but I should probably clean myself off..” Cindy remarked as she pulled herself up to start washing off all the spilled cum. As Cindy got up Lily noticed two things, first was that Cindy was still hard like a rock, she must be so eager to bust. Second was that Cindy's belly had a distinct curve to it. Nowhere near what Lily had been sporting mere moments ago but a notable paunch that hadn't existed before.

“Cindy...your belly...” Lily got out between breaths, still in the afterglow of her orgasm. Cindy smiled briefly before a small burp escaped her lips.

“Ooh,...yeah, it was just so tasty, I hope Tim has some more for me...” Cindy mused as she cleaned up. The hot water carrying all the spilled cum down her body and legs before draining away. Lily meanwhile groaned as she worked to at least sit up properly and take stock. Looking down her belly was gone, mostly. She still had some remaining pudge, the pressure long dropped below the amount needed for the remaining cum to be forced from her belly, no doubt she'd have cum seeping from her pussy for a bit.

Not quite feeling up to fully standing up yet she got comfy at the bottom of the shower. Cindy stepped in and out of the flow of hot water, not leaving her to shiver away at least. As Cindy got all the cum rinsed out she bent down, grabbing the discarded plug and thumping it down between Lily's legs, letting it stand tall as she got back up. Looking at it now, Lily was honestly surprised she had managed to get it into her pussy. It was *ridiculously* thick, though impossibilities were the order of the day so far, given Tim's size and cum volume.

Cindy interrupted her thoughts as she turned around and got down on her hands and knees. Her cute ass up in the air as it was being spread by the plug Lily had told her to use after getting filled by Tim. Dangling down below was her little dick, still hard but succumbing to gravity.

"I think it's time you 'gave' me my present, no?" Cindy purred as she gently swung her ass back and forth a bit to entice Lily. Lily of course didn't need any enticing, she loved to make Cindy moan. Reaching out her fingers wrapped around the base of the plug, twisting it in place to get back at Cindy for all her teasing earlier, the shorter woman moaned as her hips shook.

"You're such a slut, I haven't even started pulling yet and you sound like you're about to cum..." Lily teased, knowing not only that she was probably on the verge of cumming from edging herself but also that she totally got off on being called a slut.

"I'm not a s...oooh!" Cindy tried to talk back but a quick tug was all it took to get her to moan instead. Using her free hand she slapped Cindy's ass before grabbing at the flesh. Now that she had a proper handhold Lily got serious and started to gently pull on the plug, her other hand holding Cindy's hips steady.

"Only a slut's ass would hold onto this plug so tightly." Lily grunted as she kept pulling, eagerly watching as Cindy's asshole started to stretch wider and wider. That is...until her fingers 'slipped'. With the plug released Cindy's asshole tightened down on it, pulling it back inside her, not unlike Cindy had done to her earlier.

"F-fuck..." Cindy groaned as her hips continued to shake even as Lily held onto her.

"Fairs fair wouldn't you say?" Lily offered slyly as she took hold on the base of the plug once again. As she started pulling again Cindy gasped, her head dropping down as her breathing became labored as her asshole started to stretch around the plug again. This time Lily was going all the way, pulling slowly but firmly, revealing more and more of the plug.

Cindy moans were loud and passionately as Lily reached the critical point where the plug was at its widest. Just a little more and then Cindy's asshole would handle the rest. One final gentle tug and she felt the plug being pushed towards her. Releasing Cindy's ass cheek she slumped forward as the plug finally came loose. Cindy slumped forward even more, almost bumping her forehead into the floor of the shower as she gasped ruggedly.

Lily set the old plug aside before appreciating its handy work. Cindy's asshole was gaped wide, pulsing and twitching as it tried to close back up. Cindy dick was still hard to boot, either she

was getting desensitized or she was trying *really* hard not to cum.

“How you doing down there sweetheart?” Lily asked, checking in before moving onto stage two.

“I'm...I'm fine...r-ready for my present now...” Cindy managed to get out. Lily wasn't quite done teasing her yet. Reaching down with her left hand she scooped out some of her cum still slowly slipping out of her pussy and began to 'lube' up the new plug.

“Are you sure? You look pretty...pent up there...” Lily questioned her as her right hand reached out, gently brushing her fingers against Cindy's dick, smirking as the poor girl shuddered uncontrollably in response.

“I'm...f-fine...” Cindy said, trying to sound defiant but just sounding exasperated instead. She really was on the edge, but if she was gonna ride Tim, some extra stretching before hand would go a long way...

“Then let's get started then!” Lily said cheerily as she grabbed Cindy's hips and pulled them towards her, pausing to give her a chance to straighten her back out, holding on the handle for support as Lily guided her ass onto the plug. Cindy's breathing hitched in her throat as contact was made. Lily pulled down gently, easing Cindy's ass wider and wider gradually.

“*F-fuuuuuuuck*.....” Cindy groaned out as she reached the maximum girth of her old plug, but there was still a bit more left to go to conquer the new plug. Lily paused for a moment, letting Cindy adapt before continuing.

“You can do it, your ass is every bit as capable as my pussy, right?” Lily reminded Cindy. This was both encouragement and a further tease. It was always a bit of friendly competition between them. Lily obviously had it a bit easier but Cindy was a very determined little imp and had so far managed to fit every toy of theirs into her ass eventually.

“I'm t-trying...so thick...” Cindy gasped, slowly wiggling her hips a bit, trying to ease herself down past the thickest part of the plug. As much as they liked their teasing, neither of them really wanted either of them to be hurt though.

“Tim isn't this big, you don't need to fit this to fit him.” Lily softly informed Cindy. Her hands didn't stray from Cindy's hips but she wasn't applying any pressure at this point. Cindy didn't stop though, groaning as she edged further down on the plug.

“I c-can do it!” Cindy panted out emphatically as she kept working her ass against the plug passionately. Wanting to give Cindy some relief Lily started pressing downward on her hips, helping fit the last little bit until Cindy was at the thickest part before...

“**FUCK!!!**” Cindy cried out as the plug settled deep inside her, her asshole now cinched around the stem before it flared out to the base. Her body tensed up as the mix of pain, relief and pleasure surged through her body. Lily moved her hands upwards and eased Cindy backwards until she was fully supporting her body, her breasts pressed tightly against Cindy's back.

“Good girl, you got it in.” Lily praised her as Cindy shuddered against her. Cindy took some deep breaths as she got used to the new girth. It was the same every time she upgraded to a new plug. You get used to it so much that even a small change can feel like so much more.

“No pain anymore, right?” Lily followed up, doing her part in all this to make sure Cindy was okay.

“Y-yeah, no pain, but it feels like so much...” Cindy gasped out, her breathing not quite back to normal yet. Lily sighed in relief, it was always a bit nerve wracking even with their experience, it'd probably be a hassle to get the plug out but she had other priorities at the moment. Looking down over Cindy's shoulder Lily was surprised to find her still hard. Usually taking a new plug is enough to get Cindy to cum, but even with all the precum she was leaking she had held out.

“Think you can stand up?” Lily asked, her hands dancing gently across Cindy's body as she calmed down.

“Yeah I should be able to...” Cindy answered, a hint of uncertainty tainting her voice. Groaning as she started to move, slowly so as to not cause the plug to shift around too much. Cindy eventually did manage to make it up to her feet with some help from the handle and Lily.

“Now comes your reward for holding out so long...” Lily announced as she pulled Cindy in closer, her pent up dick now perfectly at face level. Cindy didn't say anything but inhaled sharply as Lily kissed her glans. Lily didn't plan on teasing her at the point, the poor girl has probably been on the edge for so long now. Fortunately unlike Tim's python Cindy's was easy to fit in her mouth, Lily pushed her lips all the way to the base easily. While Cindy moaned, gripping the handle just as tightly as Lily had before. Lily slipped a hand around Cindy's hips and groped her ass. Just enough flesh there to grab at and knead to egg Cindy on to her orgasm even faster.

“Oh fuck...God...keep g-going!” Cindy barely managed to get out between moans and groans as Lily used all her tricks to pleasure the pent up woman. Cindy's free hand quickly found its way to Lily's head, her fingers sinking into her hair as she helped Lily along bedding her head up and down her dick.

“F-fuck...I love you so much...” Cindy moaned above her. She was really pent up if she was being this serious about it. The end was near and as Cindy's grip on her head tightened, pushing her more firmly into her crotch with every thrust until...

“I'm gonna...gonna...cumming!” Cindy groaned as she pressed Lily's face firmly into her crotch as Cindy's dick throbbed and her hips shuddered as her orgasm exploded down Lily's throat. Gasping as she shot several shots of cum before her orgasm started to die down. More than she usually did but Lily didn't have time to think about that as Cindy's grip started to go slack.

“I got you...” Lily muttered as she released Cindy's dick and got up on her knees to grab Cindy and steady her. The last thing they needed now was for something to fall in the shower.

“Holy shit...” Cindy muttered as she started to steady herself and Lily stood up.

“I have to admit, I’m surprised you held out so long.” Lily offered as they embraced, the warm water running down their bodies.

“Well...I know you'll always make it worth it...” Cindy quietly responded, still slightly embarrassed to let this ‘softer’ side of her out compared to how boisterous she usually is.

“Speaking of, we need to finish this shower before we run out of hot water.” Lily remarked as she reached up to grab some body wash.

“Turn around, let me get your back...” Lily offered as they started to actually get cleaned up.

Unbeknownst to them, back in the Bedroom Tim started to stir...

Thanks for reading everyone! A bit of a different tone compared to the first chapter, but fret not, Tim and his python will be central to the shenanigans to come!
