

Another day in and another day done. Emily walked into the house after a long day of work and was feeling pretty exhausted. But, even though she wanted to just fall on her bed and sleep, she had a reason to be excited. Earlier in the day, Sarah had thrown the idea at Emily about going out for dinner later in the evening when Emily got home from work. Emily was smiling at the plans for her evening and went to talk to Sarah.

"Hey Sar," Emily said, all happy and smiling. "So where are we going tonight?"

"Well that's a surprise, silly." Sarah replied. "But first, why don't you freshen up a bit and get into something nice."

Emily looked at her clothes and noted that she did feel a bit dirty from working all day. "Hehe, yeah you're probably right. I'll head upstairs and get a shower and change.

"Don't take too long Em." Sarah said as Emily was already walking up the stairs.

In their bedroom, Emily strips off her clothes, and takes a sigh of relief. She looks around and sees that Sarah had bought some new body wash and decides to use it. The scent of the body wash was that of a nice summer breeze and fresh flowers. Emily smiles and thanks Sarah for getting it. Emily steps into the shower and turns it on, the water sprays her body with warm water and with a sigh of relief that she can finally take a moment to relax in the hot shower.

Emily smiling and singing along to her favorite songs, she squeezes out some body wash and she scrubs her body. Soon, foamy bubbles start to form all over her body as she takes her time. She starts to get an idea to make her date night with Sarah a bit more entertaining by making her figure a bit larger and more sensitive so that Sarah would have a reason to have some hot inflation sex with her.

"Hehe, yeah that's right. Make my tits bigger." Emily said as she squeezed her chest.

Emily moaned a bit as she squeezed them tight to make them swell up. When she released them her breasts bounced and grew double in size to a massive L-cup. She smiled and gave her ass the same treatment, moaning from the pleasure and the feeling of her ass swelling up. She was feeling very pervy and loved the sensation of feeling herself swell up more and more. Even though she was enjoying her new size, she was soon about to experience herself growing much more.

The bottle of body wash that Sarah got was infused with magical oils and perfumes that made the body start to swell up and the user to feel more pleasure and wanting to grow more. Emily's body was covered in body wash, and the act of her pleasuring herself caused the magic to activate and the changes to her body soon getting her attention.

"Wuh...What!?" Emily said in surprise. "What's happening to me? Adn why do I feel so.....mmm so good?"

Her pleasurable nature soon grew more as well as her breasts. Emily gave them a good squeeze and her breasts soon swelled up in her own hands. Her skin was becoming more

sensitive and causing more pleasure and lewd thoughts to flood her mind. She then looked back and saw that her ass was soon the size of beach balls and her hip was growing to match her ballooning behind. She bit her lip in pleasure even though she didn't know what was happening, all that she was thinking of is how much she can handle. Emily's emotions were flooded with pleasure and she was loving it all, covering herself in more body wash to get herself even bigger and to show off to Sarah that she was the best girlfriend.

"Yes! Yes! Yes!" Emily shouted. "Grow more my girls. Make me the biggest, boobiest girl!" Then from across the apartment Sarah heard Emily shout. "Hey you doing good up there?" Emily in inflation bliss. "Yes!!! Oh yes I am!" "Okay well don't take too long up there." Sarah shouted back.

Emily didn't care and just wanted more and more size from her swelling form. She pressed herself up against the glass and felt the growing of her breasts. Her breasts kept on going to the size of comically large beach balls and her vision was soon being overwhelmed as the growing mounds pressed more and more. Her ass was pressing against the back of the shower and squeezing herself in place. Her breasts and ass were doubling in size still making it difficult to move around and soon enough they became so big that she was stuck in the shower. The steam, hot water and the magical body wash were all making her swell out of control and making Emily more and more big. Emily soon came to her senses and realized that she was stuck in place by her swelling body. She was starting to panic a bit but then just gave up as soon the glass door of the shower broke away and she fell to the ground. Emily landed hard on her soft and squishy breasts and even bounced up a bit. Her body was feeling smaller and smaller as her ass and breasts still swelled up. She tried to push her breast out of the way but the body wash made her skin incredibly soft and sensitive, so all she could do was moan out and fall deeper into her own inflating chest. Every moment that passed she was being pushed up higher and higher and filling out the room, her ass was soon touching the ceiling and her breasts pressing against the walls and door. Emily was feeling immense pleasure and pressure that her breasts were causing and hoped that at any moment that the swelling would stop.

Sarah was walking up the stairs and heard that the shower was still running and that moans and groans were coming out of the bathroom. Ever curious and feeling slightly worried she walked over to the door and then with a bang.

"AHHH!!!!" Sarah yelled out as the massive breasts that were engulfing Emily spilled out of the broken door frame. "What the hell happened to you Em!!"

"Uhhh....." Emily groaned. "I think I might be a bit before I'm ready to go out with you."
