

Dumb Slut Transformation  
By Expandingstories

"You're so fucking DUMB!!" Jade said to me after I made yet another joke at her expense. I laughed and tried to brush it off,

"Come on man, we always joke with one another like this."

"No, you do! You don't know what it's like to have big tits and have people think that's all you are!"

I winced as she called out how flat I was, it wasn't my fault puberty only gave me acne and a pudgy stomach.

"Hey, that's like... totes uncalled for," I said before slapping my hand over my mouth. Why did I just say it like that?

"Like, what did I just say? Why am I like, talking so weird."

"Maybe you'll understand when you live a day as a dumb slut with big tits," Jade said as she gathered her things.

"But like, I have tiny boobies," I said as I cupped my barely existent boobs.

"Not for long," Jade said as she stormed away. As I watched her leave I felt my boobs shift against my hand as they began to swell. It wasn't noticeable at first but it rapidly began to speed up. I moaned as my crop top began to tighten, the already short shirt began riding up my stomach and threatened to expose my expanding tits. It wasn't originally low cut but as my boobs grew, they began to spill out the top, splitting the seam and making a jagged plunging neckline that revealed a valley of jiggling tit flesh. "gawd I'm like, so sexy now. I bet every boy on campus totes wants to fondle these fun bags " I said with a giggle.

I left my backpack where it was, who needs books when you can barely read, and it's not like I would be passing classes anyway.

I walked around campus, trying to remember where my dorm was but even that was too hard to remember. Eventually, I stumbled across a boy who was walking out of a building and got his attention.

"Hey cutie!" I called out, "I can't find my dorm *gigg/e* do you think you can like, help me?"

The boy looked at me but never made eye contact, his eyes stopped as soon as they met my cleavage which heaved with each breath, my nipples were hard and poked through the thin fabric.

"uhhh you need to find your dorm?" he asked, still not looking up.

"*giggle* well any dorm will do as long as you're in it" I said as I squeezed my oversized melons.

"Yeah sure," he said as he opened the door he just exited "I do have class though..."

"oh my gawd, you'd rather study than play with these" I said as I bounced my tits in my hand, loving the sensation it gave me. "You're such a nerd"

"Fine, I can miss a class, but I better get something good out of this..." he said *giggle* "Oh I promise you will" I teased as I rubbed up against him when he held the door open for me, my enlarged nipples dragging across chest as my fat tits squished into him.

He led the way to an elevator and hit the button, the door sliding open immediately. As the door shut behind us I was painfully aware of how tiny the elevator really was.

I turned to him and grabbed the bottom of my crop-top, his eyes widened as I lifted it up and my tits fell free. I hadn't seen my titties yet since Jade made them grow but I could feel them fall from my shirt and slap my stomach. They were practically the size of volleyballs, despite their size and weight they remained perky and sat proudly on my toned stomach, I bounced on my heels and reveled in the sensation of them jiggling freely.

*giggle* "like what you see?" I asked flirtatiously.

The boy whose name I didn't know stepped forward without a word and grabbed them in his hands, I let out a moan as he fondled them. My massive boobs had not only grown in size but also sensitivity and they sent a direct line of pleasure down to my slit, which was soaking my panties.

the elevator dinged, signaling that they were about to open and he let go, quickly stepping back. I pulled my shirt down but struggled to get it over my giant melons. As I tried to stretch it down and stuff my titties into the bottom, the neckline began to tear more which gave me enough room to get them back in. Now the hole was so big that the edges of my puffy nipples were slightly visible and almost my entire boobs were threatening to fall out.

We stepped off the elevator and he guided me to his room and he fumbled with the key as he tried to unlock, his hands shaking from excitement. The lock clicked and he began to open it, turning toward me as he did.

He wrapped his arms around me and I giggled as he pulled me close, the large bulge in his pants rubbing against my stomach.

"wow you're like, so big" I said with a giggle as I rubbed his dick through his pants.  
"Why don't we get this monster out."

"Where do you want it?" he asked as his cock flopped out of his pants. I didn't answer but instead got on my knees and positioned myself below his manhood, his giant meat resting on my face as I licked it.

"Gawd you taste so good," I said as I began stroking him, teasing the tip of his dick with my mouth. Despite Jade draining my intelligence, I knew exactly what to do with this massive piece of meat as I swallowed it down to the base. My nostrils flared as I tried to breathe, his 8-inch cock buried in my throat and stretching my jaw to its limits. He grabbed me by my hair and used it as a handlebar so he could plunge his dick into my eager throat. My gag reflex didn't exist anymore and I moaned around his cock as drool dropped down my face and into my bouncing cleavage, the shirt ripping long ago as it lost the fight against my massive globes.

He grunted as his dick began to twitch and he let go of my hair. I took control again and slurped on his balls which were wet from my overactive salivary glands, his entire crotch and even my face were coated in my drool.

His moans reached a crescendo as he came, I felt the first spurt of his hot jizz hit the back of my throat, despite how delicious it tasted I pulled his cock out of my mouth and jerked him off furiously, painting my face with his load.

I giggled as his legs gave out and he fell into his bed, I wiped his jizz off my face and licked my fingers clean. I had never liked giving head but now I loved it.

"I like, want more cum... want to go again?" I asked as I cleaned up the last of his jizz from my tits.

"No," he said, "but I'm sure they would love it."

I turned around and saw two more men standing behind me, "Like O-M-G, you didn't say you had roommates" I said as I approached one of them, my enhanced boobs bouncing as I crawled over to them.

I grabbed one of them by the belt and tugged his pants down, fishing his cock out of his pants and smelling his musk as I freed it. My tits were still covered in slobber as I

squeezed them together and slid his cock between them. I had always fantasized about titty fucking a man but never had the assets for it... until now.

As I worked his cock with my massive melons, I watched the other man pull his dick out and begin to stroke it.

"I have like, more than one hole you know..." I said as I lifted myself off my knees, shaking my ass as I looked him in the eye.

He walked behind me and I giggled as he smacked my ass before kneeling behind me. "I'm already wet, just skip it in. I want to be stuffed in both ends" as said as I began sucking the man off who I was previously titty-fucking.

My eyes rolled back into my head as I felt the tip of his cock spread my pussy lips, I practically screamed when he finally pushed it into me.

"Yes yes yes," I said as he pounded my dripping cunt, "I love being a dumb slut."
