

Stuck Together Ch. 01

When their elevator breaks down with no way out, Tim and Lily find a way to pass the time...

“Okay, yes...an *hour*?...yes, I understand...” the man said quietly before gently hanging up the elevator’s emergency phone. His head drooped down as he quietly muttered “...*dammit*...”

Lily wasn’t exactly pleased either, she was heading out to visit her girlfriend when the elevator had shuddered to a jarring halt. At least neither of them were hurt.

“So they said the elevator company is on its way already, apparently it was due for service or something, but there’s a big fire across town so unless this turns into an actual emergency we’re just going to have to wait...” the man swallowed as he finished and avoided looking at her directly, clearly uneasy about something.

Lily had to admit to herself that she wasn’t exactly dressed all that modestly, she had quickly stuffed her tits into a crop top paired with a short skirt before leaving her apartment. She had been planning to head straight to her girlfriend’s so modesty hadn’t really been much of a concern. She decided to break the ice a bit.

“Well that’s good, imagine if they hadn’t already been on their way? I’m Lily by the way.” She offered cheerfully, hoping to put him at ease a bit.

“Ah...yeah I guess...” he muttered, pausing before adding “I’m uh, Tim.” he offered quietly.

The next five minutes was filled with more typical icebreakers and mindless chatter. Tim unfortunately still seemed to be focused elsewhere. Lily tried to see if there was anything she could use to get him to open up. He was distinctly...average. Plain clothes, short, slightly messy hair with just enough curl to it to still look good messy. Without her heels she’d be only a few inches over him in height but Lily was tall to begin with. Average build, no extra weight but he didn’t seem to work out either. Tim gave her nothing to work with. Maybe a different approach was needed to break him out of his funk...

“Are you going to be late for something important because of this? Do you need to use my phone?” Lily asked more directly. She had already explained everything to Cindy, who had decided the best thing to do while she was waiting for Lily to arrive was to send Lily increasingly sexy pics every couple of minutes. Clearly designed to tease Lily as ‘punishment’ for her delay, she’d made sure to navigate away from those pictures just in case he did need to use her phone.

“Oh...uh no, it’s fine.” Tim sighed before continuing, “I just...uh...needed some fresh air, my apartment was feeling a bit...stuffy...” Tim explained, nervously, still looking down and shuffling

his feet a bit. Lily decided to push a bit more.

“Oh I totally get what you mean, by the time my girlfriend is satisfied the air can feel so... musty...” Lily shared, hoping the candidness of her comment would snap him out of his funk. Whether it was her exhibitionist side, Cindy’s pictures or something else, she could feel the heat of arousal starting to grow warmer down in her crotch. Tim on the other hand looked mortified.

“Wah...No! I mean...not really...I’m...I’m actually single...” Tim sheepishly revealed even as his body language screamed ‘embarrassed’. Lily smiled a bit, casually adjusting her footing a bit as she subtly shifted herself a bit closer to Tim.

“What? A cute little thing like you, single?” Lily playfully mocked, leaning in even closer. The elevator wasn’t all that big to begin with and as she got closer to Tim she started to smell something...not Tim’s sweat or anything, it was rather...sweet. Almost intoxicatingly sweet...

“Y-yeah...women don’t...can’t spend too much time with me...my body it’s...not normal...” Tim meekly explained, trying to shrink even more into the corner of the elevator to no avail. Unfortunately, if he’d intended to try and scare Lily, it wasn’t working, her pussy was quickly growing wet as the heat of arousal built up. She was already gently grinding her plush thighs together. It wasn’t fair that Cindy was getting to have fun while she was stuck here...with Tim.

“Mmmm don’t worry Tim, size doesn’t matter to me...” Lily revealed before breathing deeply, the scent was getting so strong. Her hips shuddered slightly as her pussy quickly became positively soaked, no doubt a wet spot was already starting to appear on her panties.

“*Dammit...*” Tim cursed under his breath. “Lily you have to stop this...what about...what about your girlfriend?” Tim started to plead with her. Finally standing up straight as Lily loomed ever closer, a bulge making itself known at the front of his shorts.

“Oh her?” Lily paused as she raised her phone, Cindy’s most recent photo of her squatting down from behind as a thick dildo stretched her asshole took up the entire screen. “She’s fine, we like to be...flexible.” Lily almost slurred before leaning in right beside Tim’s face. “We also love to *share...*” Lily whispered, her implication needing no further details. She breathed in deep, her nostrils flaring open to inhale as much of what was obviously Tim’s scent, this close to him it was stronger than ever.

“D-dammit!” Tim grunted as he slid over to the next corner to try and put some space in between them. Fortunately for Lily, with his back pressed into the corner Tim’s still growing bulge was on full display. Lily licked her lips as the outline of Tim’s dick started pushing down the leg of his shorts.

“Oh ho...looks like you’ve been scarin’ away the ladies with how *big* you are...” Lily remarked, her voice dripping with desire as Tim kept trying to talk her down.

“Y-yeah, it's too big, can’t have any fun with something that won’t f-fit right?” Tim was beginning to panic, his head whipping around trying to figure some way out of this, but the elevator was

just too small, leaving him nowhere to run.

“Well, you don’t scare me, see me and my girlfriend, we just love *stretching* ourselves out.” Lily hung on the word ‘stretching’, dragging it out for emphasis. Her mind was set, she let her purse drop heavily to the floor and advanced on Tim directly, trapping him in the corner with her left arm, the extra height from her heels coming in handy now as she loomed over him.

“Uhh, you shouldn’t...you should stay back...” Tim tried to gently push her back but she caught his wrist, smiling down at him as she moved his hand downward towards her crotch.

“Nuh-uh, I think you need to take responsibility for *this*.” Lily explained to Tim as she slid his hand under the hem of her skirt and panties until their fingers slipped around her soaked pussy. Her fingers against the wall curled as even his forced touch stoked her arousal even higher. Meanwhile Tim’s resolve was starting to crack.

“N-no...I shouldn’t...what if I hurt you...” Tim argued. Had Lily’s arousal not been so intense she might have picked up on his genuine concern, but all she was focused on was getting him to submit. She reluctantly pulled his hand from her crotch and instead brought it up to her chest.

“Even if you can’t fit, I’m sure your python will fit between these puppies.” Lily reassured him, pressing his hand into her left breast, her hard nipple poking into his palm quite insistently. His fingers gripped her soft flesh instinctually, forcing a small moan to slip from her lips.

Looking down, Lily saw his bulge had almost reached the end of his shorts, a growing wet spot marking the tip exposed his own arousal quite clearly.

“At least your other head knows what it wants...” Lily teased as she released his hand, leaving it to grope her chest, as she reached down to gently stroke his bulge, Tim gasping as her fingers explored his covered length, she could feel it throbbing at her touch.

“But...uhhhff...the mess...” Tim whined, his resolve clearly crumbling quickly. Lily leaned forward again to whisper in his ear.

“Then I guess you’ll just have to make sure it fits...” Lily poured every every bit of seductive energy she could into her voice. She smiled as she watched all the tension flow out of Tim’s body, not enough to fall or anything but he was clearly somewhat at ease now.

“P-please...” Tim moaned quietly as his hips lightly bucked, the wet spot on his shorts growing larger by the second.

“Of course honey...here...” Lily offered softly as she knelt down and started to work at his shorts. Holding her breath as she slid them down his legs she gasped as she got her first look at his dick. The bulge it had made was impressive in its own right, but seeing it in the flesh was something else. Even still restrained by his underwear it bucked softly, trying to rise up only to be held back by more fabric.

Lily wasted no time in easing his underwear down too, eager to let Tim's dick hang freely. As she slid them down his balls hung down too, way bigger than any she'd seen before. Finally, she eased the waistband of his underwear down past his glans, Tim sighing in relief as his dick sprang up, now freed from all constraints. Lily meanwhile, was in love. It had to be almost a foot long and as thick as a pop can. She gingerly reached up and wrapped her fingers around it, feeling it twitch in her grasp. As she started to slowly pump it a dollop of precum dribbled out of his urethra and started to run down his length.

“Oh I do love a productive man...” Lily breathed before moving forward and running her tongue up along the underside of Tim dick and lapped up all the precum dripping down before opening wide and shoving her mouth over his glans, enveloping it in her greedy mouth. Tim gasped in surprise, clearly thrown off by Lily's aggressiveness. She kept slowly pumping his shaft, each time she was rewarded with another dollop of delicious precum deposited directly onto her tongue. Above her Tim's breathing was already growing ragged from Lily's ministrations.

Looking up at Tim, Lily grew worried about ending things too soon. She swallowed and released his dick, leaving it to bob in the air as his chest heaved. She sighed, his precum had tasted so good, she would have eagerly blown him to taste the real deal but her pussy was growing impatient, involuntarily clenching in desire to swallow Tim's glorious dick.

“I'm ready for more Tim...are you?” Lily questioned the panting Tim as she undid her skirt, easily throwing it off to the side, exposing her blue panties, and the large wet spot on the front as she stood up, using her height to her advantage once again as she leaned in.

“Y-yes!” Tim stammered out as he reached down and grabbed his dick to keep it from bouncing around too much. Lily smiled, happy to finally see him giving into pleasure as she eased her panties down past her hips, letting them drop to the floor and exposing her dripping pussy.

“Go ahead honey, I'm so wet you'll probably slip right in...” Lily described in a hushed tone, simultaneously eager and excited. Tim swallowed as he reached out with his free hand and slowly pulled her hips in closer, guiding his dick towards her pussy, gasping softly as he finally made contact with her slick folds. He gently rubbed his glans up and down, whether he meant to tease her or not Lily moaned.

“D-don't...don't stop! Keep going...” Lily wheezed, on the verge of being taken by such an amazing dick her aggressive persona fell to the side as her arousal and desire took hold. Fortunately Tim wouldn't make her wait any longer, pushing his hips forward and pulling her in closer Lily moaned loudly as her labia was spread wide as Tim's dick forced its way into her depths.

“MMmmmm Yes! More!” Lily gasped as Tim pulled her in tight, his dick spreading her inner folds more than even her favorite dildos. And unlike the silicone replicas, she could feel his dick throbbing inside her. Their height difference wasn't quite enough that she could smother his face with her chest, but nonetheless her tits mashed against his chest and neck as their bodies came together. Tim groaned as his dick sunk deep into her pussy.

“T-tight...” Tim wheezed as he soaked in her depths, his dick throbbing relentlessly against her slick folds. Even in the explosion of pleasure from being spread so wide, Lily was a bit disappointed that he hadn’t slammed his *entire* dick into her. Perhaps some more encouragement was in order...

“See...I told you it’d fit...” Lily whispered, “Now don’t you think you should start *fucking* me now...” Lily taunted, rolling her hips in small circles to get his dick to shift around inside her. Tim’s only response was to grunt and grab her hips and start thrusting into her. He started slow, but as pleasure took over he went faster and faster, using her like some toy. Lily threw her head back in ecstasy, Tim’s dick better than any toy she’d ever tried, the squelching from their juices being mixed deep inside her pussy were almost louder than her own lusty moans.

Tim fucked her like a man on a mission, so dedicated to his own pleasure he paid no attention to Lily’s impending orgasm. She usually wasn’t enough of a slut to cum this quickly, but Tim’s dick was something special. But if she came, it’d surely spell the end for Tim too, and where’s the fun in that? They had close to an hour before the techs even arrived. So Lily waited, as much as she moaned and groaned she didn’t let on how close she was getting, resisting the urge to give in to the pleasure her orgasm would give and and waited. It was easy to tell when Tim started to get close, his thrusts started to lose their rhythm, his hips started to shake and shudder. It was time.

“Cumming!” Lily cried suddenly as she leaned forward, burying her face into Tim’s neck and pulling her hips back. Tim’s hands on her hips offered some resistance but not enough to stop out, they both groaned as Tim’s dick wetly popped free from her pussy just as her pussy started to clench hard, her hips shaking as her orgasm washed over her. Pinned against the wall by her upper body, Tim slid his hands up from her hips to her back and pulled her in even tighter even as his impending orgasm was denied and began to fade, his dick left to bob pitifully, so suddenly and forcibly removed from her pussy.

“W-why?...” Tim gasped, disappointment clear in his voice as Lily’s orgasm waned. Lily did feel a bit bad about it, normally she wouldn’t edge someone like this without asking them first, but all that mattered to her right now was getting as much out of Tim’s dick as she could.

“Sorry honey, your dick is just so fantastic, I didn’t want it to end just yet.” Lily explained as she leaned back upright, her pussy dripping their mixed juices as even more started to run down her legs.

“But don’t you worry, I’ll make it up to you...” Lily promised as she pulled her crop top off, letting her tits bounce freely. Admittedly without a bra the crop top didn’t exactly do much to hide anything but her tits always were at their best exposed, and Tim’s gaze immediately locked on to the swaying masses exactly as planned. Lily’s pussy was going to need a few moments to recover before taking on Tim’s dick again.

“Go ahead...” Lily purred as she stepped closer, his dick idly bumping between her thighs as Tim took her up on her offer, sighing as his hands enthusiastically groped her plush tits. As Tim lost himself to her soft flesh his hips started to buck, pushing his dick between her legs,

brushing against her inner thigh. Lily moaned appreciatively, she loved it when her partner was so eager to feel her touch again. But she needed a bit more time yet.

“Don’t f-forget about my...n-nipples...” Lily breathed out between moans, encouraging Tim to leave no part of her chest unmolested as his fingers enjoyed her tits. Her moans raised in pitch as her nipples were pinched, twisted and tugged. His fingers sent bolts of pleasure straight from her nipples to her brain. It was tempting to just let him keep going, push her straight to a second orgasm but she figured he'd teased him enough. He'd been playing along without complaint and it was time to reward him.

“That's...that's enough...” Lily groaned before leaning in, kissing him deeply as she pulled her hips forward, trapping his dick between her thighs. Tim's hands slowed as he leaned into the kiss as well, his hips bucked gently to thrust against her tights. Lily broke the kiss quickly, eager for the next step.

“Time for you to fuck me properly...” Lily said as she stepped back, Tim whined softly as his dick slipped out from between her thighs. Taking his hand she guided him down to the floor of the elevator. The carpet was rough and scratchy but she didn't care as she spread her legs. Tim needed no further instruction. Leaning over her he guided his dick back to her pussy.

“Yeeesssss...” Tim hissed as he pushed it past her pussy lips once again. She gasped as it spread her folds wide once again, but this time was different. Now that Tim wasn't pinned into a corner he really laid into her, his first thrust already going deeper than any of previous ones.

“Fuck! So deep!” Lily cried out as she reached up, wrapping her arms around Tim's shoulders and hugging him close as he continued to thrust. Each one accompanied by a wet squelch as her pussy and his dick provided ample fluids to keep things slick.

Another benefit to this position quickly made itself known as Tim found his pace. His weighty balls were slapping into her soft ass with every thrust, adding to the cacophony of moans, groans and wet thrusts.

“F-fuck...you're so...t-tight!” Tim groaned. He was really starting to push deep, reaching places only Lily's special toys had reached before.

“No...you're just...so big!” Lily countered just as Tim started to bottom out deep inside her. Normally this caused a mix of pain and pleasure that Lily enjoyed in moderation, but with Tim, the pain faded away quickly leaving only pleasure to shoot up her spine with every thrust. Tim's groans and grunts started to shift, he was getting close, but Lily wanted to ensure he was fucking her with his entire dick.

“W-wait a second...” Lily panted, gently pushing at Tim's chest to get him to back off. This time as his dick slipped out of her pussy she felt a draft flow inside, her pussy gaped, yearning for Tim's dick to stretch it out once again. Fortunately Lily wasn't one to waste time, she quickly grabbed her legs and pulled them up to give Tim the best access with a mating press.

“Keep going...I want *all* of it...” Lily demanded greedily. Tim understood the assignment and crawled back over her, eagerly filling her still gaping pussy with one solid thrust, bottoming out right away and grinding up against her cervix.

“Yeeess!” Lily cried out, excited for Tim to finally fit his entire dick into her pussy, their crotches grinding together for a moment before he pulled back and started thrusting. Lily was left gasping as he plunged deep into her again and again, his thrusting was different now, more powerful. Tim wasn't just pulling back a bit but leveraging his hips to extract almost his entire length before slamming it back in. Lily swore she could even sometimes feel the ridge of his glans pushing against the inside of her pussy lips.

“F-fuck...your pussy is...amazing!” Tim grunted out between thrusts, completely given into passion and pleasure as the small space of the elevator grew hot and sweat began to dot their bodies. Lily was being completely swept away by Tim's dick, reaching places and making her feel pleasure like nothing ever had before. She was along for the ride, no thoughts, no concerns, just the pursuit of pleasure.

“Your dick is amazing! It's filling me up so good!” Lily gasped out, her orgasm was so close. She knew it'd mark the end but she didn't care, she wanted to feel Tim's dick erupt inside her, to flood her pussy with his cum.

“You better...not cum...before me!” Lily demanded between thrusts, she could tell Tim was close too, as powerful as his thrusts were, they were losing their steady rhythm as Tim's orgasm grew more certain. Lily could feel it throbbing during the brief pauses. She swore she could feel her cervix twitching in sympathy as Tim's glans ground against it.

“I'm...trying!” Tim gasped, and Lily could feel his earnestness...and desperation. After teasing him earlier Lily felt a little bad making this demand, but something about Tim told her everything would feel even better if she came first.

“So close! Keep going! Deeper!” Lily howled, her orgasm was so close! Like she was right on the edge, teetering, just waiting for that small push. Fortunately Tim shifted his hips slightly, his thrusts putting pressure on her inner folds in a new way provided the small push she needed.

“C-CUMMING!!!!” Lily screeched happily as her second orgasm crashed into her like a tidal wave. Her pussy clamping down around Tim's dick, making his next few thrusts intensely pleasurable as his dick really scraped against her insides. As she expected, this pushed Tim over the edge as well.

“Gonna Cum...Fuck!” Tim wheezed as he finally came. Grinding his dick as deep as it could and pressing against her cervix. Lily could only gasp as she felt the first blast of cum flood her pussy. The heat and warmth filling her was unlike anything else. Tim was certainly 'productive'. But what came next was a surprise to both of them.

With synchronized gasps their bodies were rocked by a jolt of pleasure as Tim's dick somehow pierced Lily's cervix, his glans wedging itself into her womb...just in time for a second, even

larger blast of cum to flood it. Tim gritted his teeth while Lily lay there in shock, another blast of cum filling her womb enough for a faint stretching feeling to take root. Instinct took over, Lily only able to process her want...no...her *need* for more!

“Muh...MORE!” Lily demanded as she released her legs, folding them around Tim’s hips to lock him in as his dick pumped more cum into her womb. Her hands, now free, started to caress the small bulge starting to take shape on her stomach as Tim’s orgasm refused to wane, his balls pumping more and more cum into her.

“Yeeeeesssssss.....” Lily slurred as she rolled her head back as the stretching of her womb and belly quickly pushed her into a third orgasm. Lily couldn’t explain why, but this feeling was like the ultimate stretch, a high she’d never known she needed until Tim and his dick gave it to her. Tim leaned over her, his breathing hard and ragged, his whole body tense as his orgasm just...didn’t end. Lily watched excitedly as her belly swelled from just looking pudgy into looking pregnant. Her hands had more and more sensitive skin to explore as she kept growing.

“D-dammit...this is...bad...” Tim hissed between blasts of cum, but for Lily, this was heaven.

“Don’t you...dare pull out! I want it...all!” Lily ordered Tim, not that her legs locked around his hips gave him much choice as he pumped more cum into her, filling her enough to pass for a woman well into her second trimester.

Sadly, all good things must end, Tim’s blasts of cum began to slow, each one filling her less and less. Finally, Tim exhaled deeply as his cock started to finally go soft. Lily felt the tension flow out of his body as his shrinking dick pulled itself out of her womb. Lily moaned softly in disappointment, somehow knowing she wasn’t at her limit yet but still drained from the experience. She released her legs and let Tim’ stumble back and sit down against the elevator’s far wall, the last few dregs of his orgasm oozing from his dick.

“In...incredible...” Tim whispered before passing out exhausted and satisfied. Lily meanwhile felt amazing. She was feeling a bit drained from her orgasms, but her wonderment and excitement kept her awake even as the cozy warmth of Tim’s cum inside her threatened to whisk her off to sleep. Her afterglow left her pussy and belly all tingly, her hands caressing the new curve of her belly forcing soft moans to rise up her throat involuntarily.

Eventually, reality started to sink in. As abused as her cervix was she wasn’t too surprised when she felt some cum start to ooze out of her womb. Groaning as she pushed herself upright she took stock of the situation. The Elevator was...a bit messy...but all things considered, not too bad. Not wanting to make things worse she crawled over to her purse and pulled out the plug she had bought for Cindy. It was comically large. Cindy loved stretching her ass out and Lily had planned to give her this one as a present/challenge for when she managed to fit her current largest plug into her ass, which she managed last week.

Setting the plug’s flared based on the floor Lily pulled herself up using the elevator’s hand rail before squatting down over it and guiding her pussy onto it. She hissed as the plug spread her lips wide, at its widest it was thicker than Tim’s dick and she was still tender from before but this

was her best bet to keep Tim's cum inside her. Thankfully the added weight of Tim's cum helped force her down over the plug's thickest part and settled it nicely in her pussy. Groaning as she eased herself down into a sitting position the plug shifted her insides around. Grabbing her panties she manages to pull them up her legs and get them up. The flared based pulled them tight between her ass cheeks but it'd have to do until they got to Cindy's place.

Reaching for her discarded skirt and crop top before pulling herself upright Lily finished redressing. She couldn't help but feel a thrill as she pulled the skirt tight over her hips, the way her belly folded over the front of it, the way her crop top seemed to accentuate her belly even more... She needed to snap some pics to commemorate this occasion.

Grabbing her phone she saw several more messages from Cindy, the poor slut was really going all out to entertain herself and tease Lily. First thing's first though, a down shot of her boobs, with her belly poking out past them. She sent that off to Cindy immediately as she tried to get some decent full shots, a bit difficult to do as a selfie though. Cindy barraged her with messages until she was done with pics.

[WTF]

[NO SERIOUSLY WHAT]

[I MEAN HOW]

[IS THIS AI?]

Lily chuckled to herself as she tapped out a reply.

[Oh it's real, I met this amazing guy in the elevator, I'll bring him over as soon as we get out. I suggest stretching out that pretty ass of yours with your big plug, he's got a real python ;P]

That seemed to satisfy Cindy, as she didn't reply at all except to send a picture of her asshole stretched around her big plug a minute later, and a heart emoji.

With that taken care of for now she turned to Tim, still slumped against the wall and naked. Lily checked the time, they still had at least twenty minutes before the elevator company arrived. Gingerly squatting down beside Tim she gently shook his shoulder.

"Rise and shine sleepy head!" Lily sing-songed as Tim began to rouse. Clearly still a bit out of it he groggily looked at Lily, then down to her belly.

"Oh no..." Tim muttered as he took in the enormity of Lily's swollen belly. He managed to tear his eyes away from them and look back up at her face.

"Are you okay?" Tim asked, concern clear as day but Lily put him at ease.

"Or more than okay, ecstatic even. In fact, as soon as we get out of here, I'm introducing you to

my girlfriend.” Lily smiled, eager to share Tim and his glorious dick with Cindy.
